THE BOLD LOOK
OF **KOHLER**[®]

Beautifully designed. Perfectly sculpted. The Minima NG shower door collection features the sleekest bathroom designs in the market.

Whether it is a contemporary hinged or sliding door, side panel or bathscreen the Minima NG range has them all. Each and every one is designed with a timeless feel and with longevity as an essential. We provide a made-to-measure service for your peace of mind, allowing you to create the perfect showering solution.

Combining engineering excellence with sleek architectural design, the Minima NG collection is more than just a high quality bathroom product, it is a series of intuitively designed components tailored to your needs and desires, with a quality which is more than twice that of the industry standard; using the highest grade aluminium, the toughest safety glass and a lifetime of experience - this is what makes the Minima NG collection unique.

Subtle. Stylish. Simply unique. These are the things that turn a house into a home. These are the attributes for your dream bathroom.

301 900mm Alcove Hinged Door with Geometric Handle

Minima® NG Hinged Door 301

This two piece solution partners a hinged door with an inline panel ideal for spaces up to 1300mm. Highly engineered soft self-close hinges combine with 10mm glass to provide a stylish enclosure which fits subtly into any bathroom environment. All Minima NG shower doors and panels come with coated glass as standard. If you like this but the sizes don't quite fit, see our Made-to-Measure offer (page 24).

Key Features

- + Reversible for left or right opening
- + Alternative door and panel combinations at the same price
- + Mix and match panels and doors to achieve your perfect installation
- + Soft self-close hinges
- + Height from top of the tray 2000mm
- + 10mm thick safety glass
- + Minimum tray width 40mm
- + Choice of soft or geometric handle style
- + Nominal sizes are designed to fit onto standard sizes of shower tray
- + Best in class door action
- + Made-to-Measure options available specifically for your space
- + If no door size is specified we will default to the biggest door opening available

Step by Step Door Configuration

Step 1: Choose your overall door width (A+B)

WIDTH (mm)	RRP Inc VAT	MIN (mm)	MAX (mm)	ADJUST	CODE
800	£1,080.00	772	792	20	301.080NG
900	£1,140.00	872	892	20	301.090NG
1000	£1,200.00	972	992	20	301.100NG
1100	£1,260.00	1072	1092	20	301.110NG
1200	£1,320.00	1172	1192	20	301.120NG
1300	£1,380.00	1272	1292	20	301.130NG

Step 2: Choose your inline panel width (A)

1.1825.009	Minima NG Hinge ALC Inline Panel 300mm
1.1825.010	Minima NG Hinge ALC Inline Panel 350mm
1.1825.011	Minima NG Hinge ALC Inline Panel 400mm
1.1825.012	Minima NG Hinge ALC Inline Panel 450mm
1.1825.013	Minima NG Hinge ALC Inline Panel 500mm

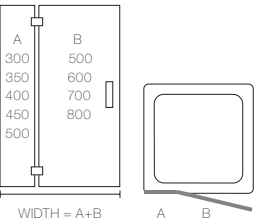

Step 3: Choose your door width (B) and Handle style

1.1825.001	Minima NG Hinge Door Geometric Handle 500mm

Minima® NG Hinged Pentagon 305

A solution combining two inline panels and a soft self-close hinge door to create an angled shape ideal for corner solutions with furniture either side of the door. Mix and match inline panel sizes to fit with your bathroom, maximising your usable showering space. Pentagon enclosures can provide a stylish statement or blend subtly into the background, offering design choices with highly engineered hardware and 10mm glass. All Minima NG shower doors and panels come with coated glass as standard. If you like this but the sizes don't quite fit, see our Made-to-Measure offer (page 25).

Key Features

- + Reversible for left or right fitting
- + Specify hinge mounted on large or small panel when ordering extended units
- + Extended trays are handed, please specify left or right when ordering
- + Alternative door and panel combinations at the same price
- + Mix and match panels and doors to achieve your perfect installation
- + L shaped bracket supplied with all pentagon panels
- + Soft self-close hinges
- + Height from top of the tray 2000mm
- + 10mm thick safety glass
- + Minimum tray width 40mm
- + Choice of soft or geometric handle style
- + Nominal sizes are designed to fit onto standard sizes of shower trays
- + Best in class door action
- + Made to measure options available specifically for your space

N.B. KOHLER® do not provide Pentagon trays above 1200 x 900mm

Step by Step Door Configuration

Step 1: Choose your complete enclosure size

WIDTH (mm)	RRP Inc VAT	MIN	MAX	ADJUST
900 x 900	£1,680.00	869-881	869-881	12
1000 x 1000	£1,800.00	969-981	969-981	12
1200 x 900	£1,800.00	1169-1181	869-881	12
1400 x 900	£1,860.00	1369-1381	869-881	12

Step 2: Choose which panel width your door will hinge from

- 1.1825.024 Minima Pentagon Hinge Panel 400mm

327 1200mm Divider Panel

Minima® NG Divider Panel 327

Minima NG Divider panels are 10mm panels of glass stretching 2m tall and up to 1400mm wide offering a strong simple design. Ideal for wet-rooms or equally at home on a tray the Minima NG divider panel is an ideal choice to complete your bathroom design. All Minima NG divider panels come with coated glass as standard. If you like this but the sizes don't quite fit, see our Made-to-Measure offer (page 26).

Key Features

- + Reversible for left or right fixing
- + L shaped bracket supplied with all divider panels
- + Additional 90° bracing bar supplied with panels wider than 1000mm
- + Height from top of the tray to glass is 2000mm
- + Minimum tray width 40mm
- + Nominal sizes are designed to fit onto standard sizes of shower tray
- + 10mm thick safety glass
- + Glass coating as standard
- + Made-to-Measure options available specifically for your space

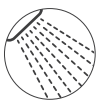

Step 1: Choose your complete panel size (A)

CODE	ITEM	RRP Inc VAT	MIN (mm)	MAX (mm)	ADJUST
1.1825.059	Minima NG Room Divider 400	£318.00	399	411	12
1.1825.060	Minima NG Room Divider 800	£498.00	750	762	12
1.1825.061	Minima NG Room Divider 900	£522.00	850	862	12
1.1825.062	Minima NG Room Divider 1000	£526.00	950	962	12
1.1825.063	Minima NG Room Divider 1200	£594.00	1150	1162	12
1.1825.064	Minima NG Room Divider 1400	£714.00	1336	1348	12

When choosing a glass divider panel, please be aware that spray/mist may extend beyond the length of the glass panel, the amount will depend upon the power of the shower and its location. We would recommend use of these products with tiled floors.

Minima[®] NG Made-to-Measure

KOHLER[®] invites you to create your own unique showering space suitable for all your needs. Our beautiful glass panels are up to 2m wide and 2.4m tall; you can build the shower of your dreams or renovate a suitable space. Kohler provides a Home Measure and Installation service to ensure your Minima Made-to-Measure door or enclosure is a perfect fit.

What is it?

The two objectives of the Made-to-Measure service are to help you create the shower of your dreams with a realistic appraisal of the installation and to spot any potential pitfalls up front. Our trained Kohler engineers will be looking for out of true walls and varying slopes (including unlevel trays and floors). They will check that the choice and position of any doors or panels is suitable in relation to the whole bathroom layout and that the handing of the door and panel is correct for application. The Home Measure and Installation service can only be undertaken after tiling is complete and the tray installed is level.

Install

Following the Home Measure service, if you wish, our engineer will return to install the unit, further ensuring your complete satisfaction. However please be aware Kohler will only install if we have carried out the survey and measure.

Pricing

Each Made-to-Measure unit is unique and pricing will vary dependent on your requirements. Please use the prices that follow as guidelines and visit your nearest Kohler showroom to discuss your bespoke showering design and gain a better understanding of the prices involved.

If you choose the Kohler measuring service the price of this service will be taken off the final unit price giving you peace of mind at no additional cost.

Contact

Logistics and dimensions in your home could mean not everything is possible given a specific situation. Your retailer can provide guidance on this or feel free to call us on 0844 571 0048 for further assistance.

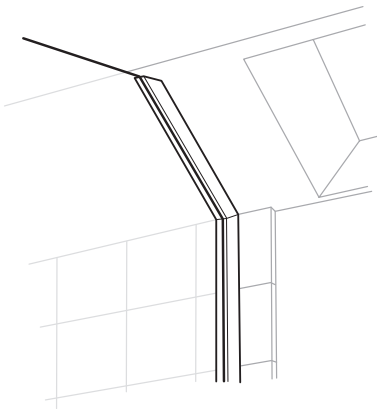

Kohler's Made-to-Measure service is here to make your designs a reality. Contact Kohler for more information on your perfect shower enclosure.

Made-to-Measure Features

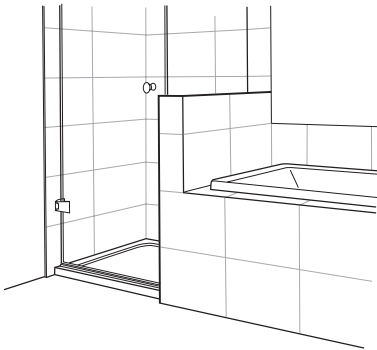

Angle and Notch Cuts

Whether it's an unusual loft space or complex bathroom layout, glass panels and doors can be bespoke to allow for that ideal fit. Angled cuts offer lines that follow the contours of the room and notches ensure no obstructive architecture prevents the perfect showering experience.

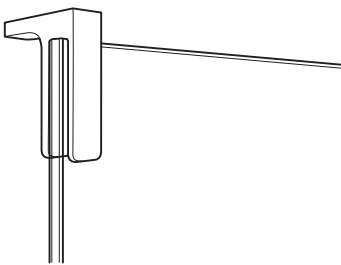

Dwarf Wall

Whether there is a low level wall or bath end, Minima NG Made-to-Measure offers a solution to suit your space. Adapting shower enclosure panels around the constraints of the modern home, this feature allows for an integral showering space or a tiled seat.

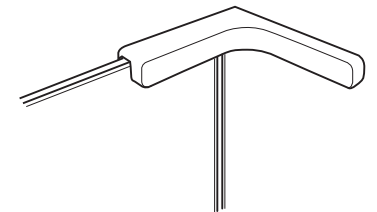

Ceiling Clamp

When the shower enclosure of choice makes a room with floor to ceiling panels, you can feel sure that the unit is fully secured and aesthetically pleasing with this purposeful yet clean-looking solution.

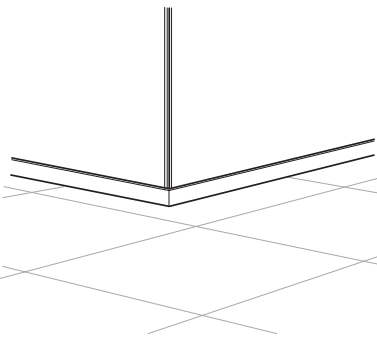

Bracing Bracket

Required for any installation over 2m tall, this bracket adds robustness to extra tall enclosures.

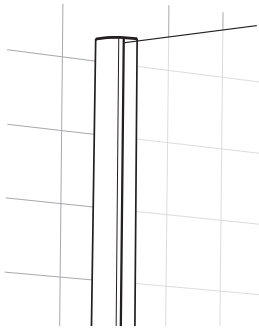

Surface Floor Profile

The most conventional method of securing your enclosures to the wall, these connect surfaces to glass.

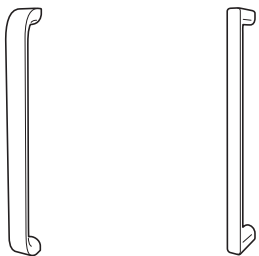

Surface Wall Profile

The most conventional method of securing your enclosures to the wall, these connect surfaces to glass.

Handles

Soft or Geometric, the choice is yours.

How to order your Minima[®] NG Made-to-Measure Door and Enclosure

Step 1

Choose whether you would like a measurement service or measurement and installation service.

Step 2

Select a handle type.

Step 3

Select co-ordinating tray if required.

Minima[®] NG Made-to-Measure Sliding Enclosure 392

Shower Trays - How to Shop

Less is more for our range of low profile shower trays. Thin yet incredibly strong, their slender lines almost vanish into the floor, complementing modern shower enclosures perfectly to complete the minimalist ideal. What's more, ingenious design and advanced materials help keep cleaning minimal too.

Low Profile Tray

Choose from a range of low profile shower trays to create your minimalist shower enclosure. The 40mm height makes it one of the slimmest shower trays available, giving a sleek almost invisible 'wet-room' look. The sleek styling flows through to the waste, which is integrated into the design to give a level surface for you to stand on.

- + Low profile tray with 'walk-on' waste
- + Patented laminated construction gives incredible strength whilst reducing weight
- + BioCote® incorporated to reduce bacterial/mould growth by up to 99.9%
- + High flow, vortex waste with self-cleaning action
- + All trays available with riser kit for easy installation on concrete floors
- + Tray colour white
- + 10 year guarantee

antislip
Shower Trays

Clean and fresh forever with innovative BioCote® technology, every low profile tray stays protected for its whole lifetime, thanks to the antibacterial technology BioCote®, which is incorporated into the manufacturing process. This innovative antibacterial technology will keep your new shower tray cleaner than ever before by reducing bacteria and mould growth by up to 99.9%.

Technical Details

Height: 40mm
Rim width: 66mm
Height on riser: 140mm
Front surface: Durable Acrylic capped ABS incorporating BioCote®
Filler: Resin-stone concrete for stiffness
Rear skin: ABS
Max flow rate: 30l/m

Riser kits

A riser kit allows you to convert a low level tray to a riser tray providing the flexibility of installation on a solid floor. Each kit contains easy to install removable panels, simple clip-on fixings and robust adjustable push-fit riser legs.

Riser kit legs provide adjustability to make flat, the height of the tray has to be 100mm from the floor surface to the underside of the tray. The new panel sits under the tray. Numbers on each leg indicate level setting and once height is set, locking nuts ensure no movement.

Please note: The Front Wrap style riser is still available if required

antislip

Shower Trays

The KOHLER® anti-slip tray is an anti-slip tray like no other. This tray exceeds the most stringent independently tested anti-slip test, passing at the highest - Class C.

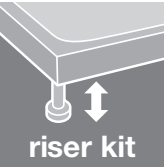

- + Anti-slip coating is applied to the whole tray surface

Low Level Plus Trays

A new range of shower trays offering three types of installation to suit your needs, including a streamlined, discreet wet-room solution.

- + Low profile 40mm shower tray
- + Can be surface mounted with or without riser kit, as well as flush-mounted, giving a walk-in ‘wet-room’ solution for ease of accessibility
- + Extra large sizes available to replace a bath installation
- + Tray colour white
- + Four colour options for waste covering: white, grey anthracite, silver and taupe
- + Patented robust material gives incredible strength whilst reducing weight
- + BioCote®, reduces bacteria and mould growth by up to 99.9%
- + Quick and easy installation with new riser kit
- + New low profile hidden waste
- + 10 year guarantee

Waste Cover Features

- + Dedicated extra slim waste
- + Available in three sizes: 700, 800 & 900mm
- + Available in four finishes: white, grey anthracite, silver and taupe
- + Removable waste cover for ease of cleaning
- + Integrated hair trap

Riser Kit Features

- + Unique riser frame with integrated spirit levels improves installation time
- + Adjustable bar allows leveling of the frame prior to tray installation

Optional riser kits with easy ‘push-fit’ legs.

Reduces bacteria and mould by up to 99.9%.
