Réf. : 709150 : for walls from 1 - 150mm thick

Réf. : 709200 : for walls 1 - 230mm

» Available vandal proof light spray grid: add "GR" to the reference (for example: 709000GR)

FONCTIONING AND APPLICATION

- A flow-restrictor allows to optimize the flow rate to 6 l/min.
- Use: recommended for every public and commercial place.

PRODUCT ADVANTAGES

- **HIGH RESISTANCE TO VANDALISM** : vandal proof shower head without visible fixing, specially designed to prevent tearing-off.
- **WATER SAVING** over 80%: regulated flow rate 6 litres/min.
- **NO SERVICING**: scale-proof nozzle without grid that can't get scaled or blocked up (DELABIE patent).
- **COMFORT** : due to the automatic flow rate restrictor the same quantity of water is distributed to each shower unit from the first to the last one.
