**Standards**

Baths constructed to BS 4305:1989 (EN 198). Whirlpool system conforms to BS EN 12764:2004 and BS EN 60335-2-60:2003 Pump and blower waterproofed to IPX5, BEAB approved

**Special notes**

The Twin Plus system uses minimalist aesthetics with a whole host of innovative features including multiple air jets and whirlpool jets that release streams of high pressure water for an invigorating experience. They have been purposely designed with a flat and smooth surface for extra comfort and easy cleaning.

Complete with Twin Plus system, waste, front and end panels so you only require 1 code for a complete bath. Panels are attached with magnetic fixings for ease of installation.

Each whirlpool bath is water tested after assembly for quality assurance.

Whirlpool systems come with a 2 year guarantee, bath tubs guaranteed for 25 years.

All baths are no taphole and manufactured from Idealform™, please check suitability of brassware and position before drilling
