● Dual control bidet mixer

Illustrated

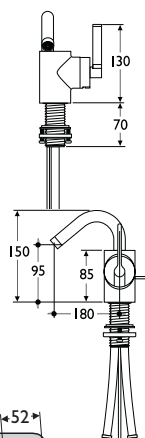

E0073AA Silver 1/2in quarter turn dual control bidet mixer with pop up waste, chromium plated

may be necessary to restrict the inlet with the higher pressure to prevent excessive flow. Check valves must be fitted on mixers where supplies are unbalanced.

Special notes

Inlets with connectors for 15mm copper 35mm diameter hole required. When fittings are installed on unbalanced pressures it

Consideration should be given to safe hot water delivery and the use of an appropriate temperature reduction device

● Single lever bidet mixer
