**Playa**  
Express yourself

# essential living

At Ideal Standard, we believe that creativity is the catalyst to continuous evolution in your bathroom. As Europe's leading brand, Ideal Standard's goal is to create a living space that fulfils your personal dream. We exclusively follow three main philosophies: design, performance and innovation to bring you unique and sustainable bathroom solutions.

Playa's refreshingly simple and contemporary style allows you room to express your own distinctive taste. Created by Artefakt, one of Europe's most respected design teams, Playa perfectly balances form and function. Practical and stylish, Playa also represents excellent value; it's your opportunity to have the new bathroom you deserve.

# Playa relax and refresh

Playa has a simplicity that gives space to your sense of style and self-expression. Designed and engineered by **Artefakt** the shapes combine soft rectangles within smooth curves – contemporary chic with a twist. The range includes a choice of basins and wcs as well as bathing and storage options so there's a Playa bathroom solution for every space, interior style and budget.

## Design by

**ARTEFAKT industriekultur** the award-winning internationally renowned German design company was founded in 1989 by Thomas Fiegl and Achim Pohl. The Playa range reflects their mission to create distinctive, everyday products that balance form with function and integrate beautifully into their surroundings.

#### Harmonious design

Playa basins all feature the signature design of soft corners within a smooth D shape. These elements are echoed throughout the range creating a design integrity which looks deceptively expensive and blends perfectly with Alto baths.

# design

# Fresh and simple

Playa's soft curves make it a great solution for a family bathroom that is practical, easy to clean and a joy to use.

# Bathing options

Playa is one of those designs that adapts to your personality and is easily co-ordinated. Teamed with the stylish Alto CT bath range there is a bathing solution to suit everyone.

Playa 55cm basin with semi pedestal, wall hung wc. Alto 170 x 75cm double ended bath. Ceraplan SL mixer fittings. Concept mirror and accessories.

Double ended bath installations must allow access to the fitting and waste for maintenance purposes.

#### Everything off the floor

Wall hung basins and wcs create a modern and sophisticated look but they're practical too. In wet zones like bathrooms they make cleaning so much easier.
