MADE IN THE UNITED KINGDOM

# "IF THERE WAS ONLY ONE TYPE OF INSTALLATION, WE WOULD ONLY MAKE ONE TYPE OF SHOWER TRAY"

We are the UK's leading manufacturer of shower trays and with all design, development and production taking place in Leeds, West Yorkshire, we are very proud to be a UK manufacturer. At JT® we are conscious that 'one size does not fit all' and with that in mind we have over 800 choices of shower trays across 6 ranges, from engineered installation solutions through to hand-made contemporary design.

We were founded in 1988 and combine decades of experience and craftsmanship with innovative technology. This has produced a series of unrivalled ranges of shower trays to suit each and every application.

Developed to be at home in the most stylish of bathrooms, each tray is made to the most exacting standards, passing our rigorous quality control procedures before leaving us to ensure your satisfaction for many years.

All JT® products are the perfect blend of innovative design, industry-leading manufacturing technology and effortless functionality. Our wide range of tray shapes, huge choice of sizes and stunning colours with matching basins, ensures a beautiful finish for every specification. With options to fit trays flat to the floor or raised on hidden adjustable legs, installation is easy. You can also choose trays with tiling upstands or use our JTFLEXI-FIX™ for maximum water seal. From contemporary wet room styling to classic shower enclosures, discover the JT® shower tray for you.

## NEW FOR 2010

## STYLISH GLASS DEFLECTOR PANELS

Complete the look with JTVIEW™. These clear and stylish 8mm thick toughened safety glass deflector panels, which comply to EN12150, perfectly complement the JTNATURAL™ and JT40® FUSION shower trays.

Available as a side deflector panel, in five widths to suit different tray sizes. These panels come with a minimalist wall profile fixture, and the two larger sizes include a bracing bar for added stability.

Or choose the 1200mm linear deflector panel for a luxurious walk-in style shower area. This option comes with two bracing bars, giving strength and support to this free standing look.

- Available as side deflectors and linear deflector
- Five size options
- Chrome-plated brass bracing kits
- 10 year guarantee

See page 18 and 20 for full specifications

# JT40® FUSION

## COMBINING TECHNOLOGY WITH DESIGN

The perfect blend of stunning slim-line looks and industry leading manufacturing technology. The beautifully designed JT40® FUSION has an incredibly discreet profile of just 40mm and is 50% lighter than a stone resin tray.

The tray is double skinned for extra strength. It can be fitted flat to floor or raised on legs with a JTMERLIN® riser kit. A JT40® 90mm rapid waste outlet complements the tray's sleek lines and allows 36 litres of water to be carried away each minute.

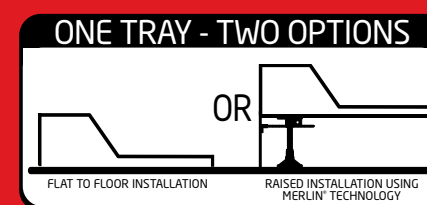

Available in an extensive range of shapes and sizes, to ensure a truly beautiful installation. And the 25-year guarantee gives you total peace of mind.

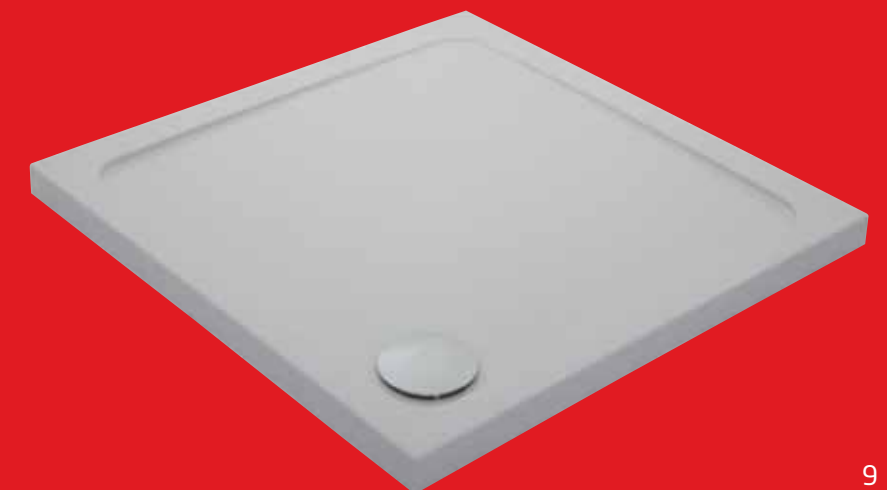

Optional leg and panel kit

- Available as square, rectangular, quadrant and offset quadrant
- Twin skinned for additional strength
- 25 size options
- Installs flat to floor or on legs with a JTMERLIN® riser kit. Available as an optional extra
- 90mm waste outlet
- 25-year guarantee

STUNNINGLY DESIGNED LOW PROFILE TRAY WITH RAISED OR FLAT TO FLOOR OPTION

ULTRA-STRONG  
MEETS ULTRA-LIGHT

The state-of-the art JTBREEZE® is a revolutionary new shower tray. It has the strength and rigidity of an equivalent stone resin shower tray while being up to 80% lighter.

The tray is available in a range of sizes to suit every bathroom. It is fully inclusive of all fixtures and fittings (waste and flexi hose) to cut installation costs, and comes with a 25 year guarantee for your peace of mind.

Also available with an integrated 13mm high upstand for easy installation and enhanced sealing. Simply recessing into the wall allows tiles to overlap.

JTBREEZE® has been tested by a world leading research and technology centre to ensure the strength and durability of the tray.

JTBREEZE® was developed in response to the HSE manual handling guidelines that require a two-person lift for weights of 25kgs and above. With the JTBREEZE®, one plumber can comfortably lift and install each tray without assistance.

....ITS A BREEZE

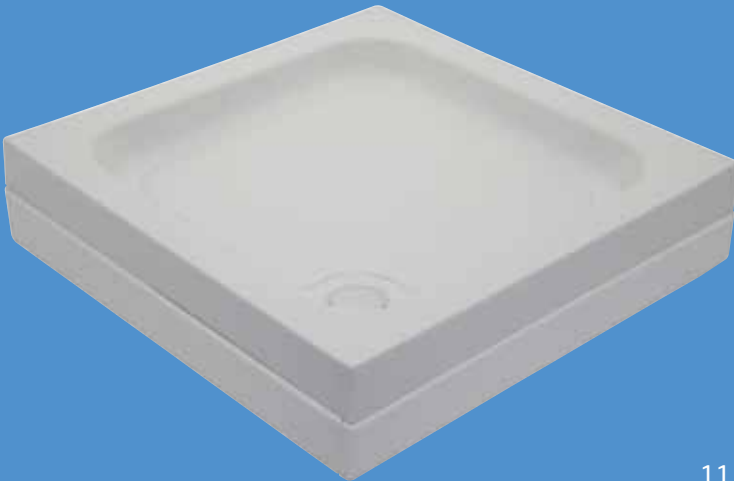

SIZE (mm)	WEIGHT

**JTFLOW™**

## THE SIMPLE, FLEXIBLE SOLUTION TO COMPLEX PLUMBING

### JTFLOW™ WASTE 50mm

The simple, efficient design of the 50mm waste allows 36 litres of water a minute to be carried away. Made from recycled materials. Conforms to BS EN 274-1:2002 and features an easily removable dome for cleaning.

### JTFLOW™ FLEXI-HOSE

This truly flexible solution is designed to make installation easier. The Flexi-Hose eliminates the need for complex plumbing, untidy pipe work and elbow joints. It's simple, quick and straightforward.

Products are sold separately

## JT40® WASTE 90mm

### SLEEK, STYLISH RAPID WASTE OUTLET

A 90mm rapid waste outlet that allows 36 litres of water to be carried away each minute. Its sleek lines perfectly complement the JT40® FUSION shower trays. Made from recycled materials. Conforms to BS EN 274-1:2002 and features an easily removable dome for cleaning.

We recommend the use of this waste with the JTNATURAL™ tray (chrome dome is not required).

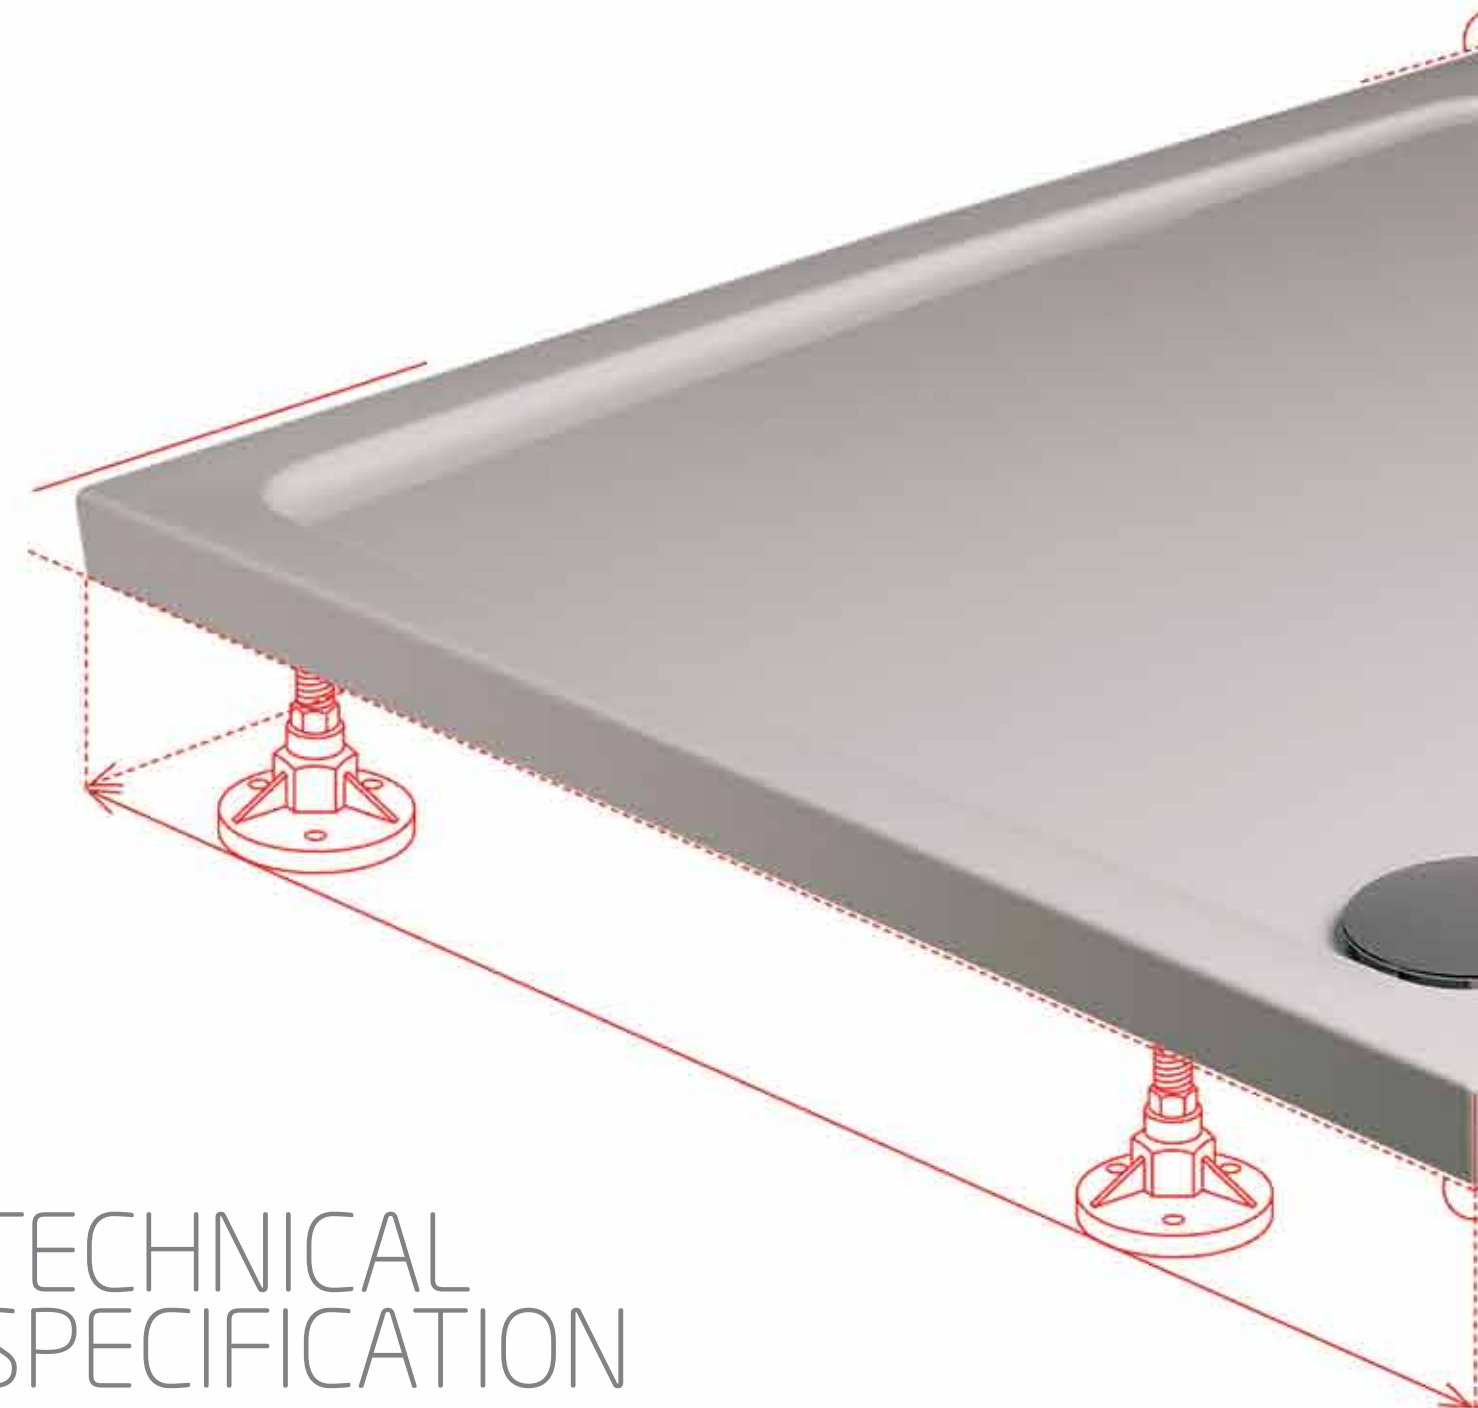

See page 23 for specifications

## JTFLEXI-FIX™

### FLEXIBLE, SELF-ADHESIVE WATERPROOF UPSTAND

When your shower tray is only available in a flat top option, but you want the added benefits and security of a tiling upstand, JTFLEXI-FIX™ is the perfect solution.

This flexible, easy application, tiling upstand tape, is self-adhesive, wraps around corners in one-piece and creates a water-tight seal that accommodates vertical movement of at least 15mm.
