Freestanding Baths

As Britain's oldest and most respected bathroom company, we have been involved in the wonderful art of combining form and function and of merging the finest materials with time tested expertise for longer than anyone else you know, to create a range of beautifully proportioned freestanding baths that are unsurpassed for quality, design, innovation and comfort.

Presenting an exciting array of freestanding and inset baths, this luxurious collection is both endlessly stylish and innovative. It is the culmination of more than half a century's experience in cutting-edge, creative design, combined with world-class manufacturing prowess.

The collection contains both freestanding and inset versions of the generously proportioned **Signature bath** and its smaller, more compact version, the **Signa bath**.

(Left) Signature fs

Signature with handcrafted wooden corners

Signature Collection

Signa fs with handcrafted wooden feet

Signature inset

The generous proportions of this bath are perfectly displayed within a choice of plinth setting and can therefore be perfectly suited to any style of contemporary or classic bathroom. For inset details see page 36.

Technical information
see page 36

Dimensions
2000 x 1260mm

Signature inset

Signature

Signature fs

Signa fs

The Signa is a more compact version of the Signature. It is also available with chrome or solid wooden feet or panelled in classic white.

Signa inset

This elegant bath is also available as an inset, perfect for integration into any style of bathroom.

For inset details see page 35.

Technical information
see page 35

Dimensions
1800 x 825mm

Signa fs with panels

Signa

Signa fs with chrome feet

Elipta *fs*

With its unique elliptical design and generous proportions, this freestanding bath is especially striking set at an angle or placed centre stage in a contemporary open-plan bathroom. The Elipta sets a new benchmark for quality, performance and aesthetic appeal.

Elipta *inset*

The Elipta inset bath is a comfort-focussed solution to minimalist design that looks stunning in a plinth situation. Boasting sculptural inner contours that aim to ergonomically position the body for maximum comfort, Elipta gives excellent shoulder space and bathing depth. For inset details see page 32.

Technical information
see page 32

Dimensions
1900 x 900mm

Elipta

Urbana fs

A simple, clean design, the Urbana Freestanding bath would be a striking addition to any bathroom. Available with or without a central tap ledge, its symmetrical finish is extremely pleasing to the eye. It is completed with contemporary styled chrome finish feet.

Urbana inset

The strong form of Urbana is also available as an inset suitable for use within a variety of plinth settings.

For inset details see page 37.

Technical information
see page 37

Dimensions
1740 x 790mm

(Left) Urbana without tap ledge

Urbana

Urbana with tap ledge

Essence baths are freestanding tubs of outstanding contemporary appeal. Sheer beauty and simplicity of form ensure an indulgent bathing experience.

Essence fs

The skilfully integrated shelf is a useful feature for those necessary bathing essentials. Shown here in wenge finish, the feet are also available in ash, beech, walnut or chrome.

Essence pure fs

The Essence design at its most pure. Constructed without the interruption of the tap shelf, this design permits the intrinsic beauty of the bath to be fully appreciated. It is available with ash, beech, walnut or chrome feet.

Essence inset

The voluptuous proportions of the Essence bath are retained in the inset version of the original freestanding bath. For inset details see page 33.

Technical information
see page 33

Dimensions
1740 x 800mm

(Left) Essence Pure with wenge feet

Essence with wenge feet

Essence Collection

Essence Pure with chrome feet

Status fs

This contemporary, solid, double ended bath has frequently been described as a feat of design and engineering excellence.

The Status combines the simplicity and purity of straight lines. The removable panels allow the easy fitting of a whirlpool system to provide a relaxing and therapeutic bathing environment. Available with or without a towel rail.

Status inset

The pure lines of this bath combine with excellent depth and shoulder room to give a lovely bathing environment. For inset details see page 36.

Technical information
see page 36

Dimensions
1950 x 830mm

Status

Status with optional towel rail

Andante fs

The concentric lines and lavish proportions of this spacious bath are both beautiful and functional. The ultimate in indulgence, it can easily cope with the broadest of shoulders.

Shown here with handcrafted solid ash feet. Other options are also available.

Andante inset

This extremely spacious tub allows for the most indulgent of soaks.

For inset details see page 31.

Technical information
see page 31

Dimensions
1850 x 950mm

Andante

Andante with ash feet

Andante Plus fs

Andante Plus is a bath with superlative appeal that will make a unique design statement in your bathroom. This wonderful vessel is strikingly enhanced by the beautiful solid timber surround that it is set into and is available in a variety of finishes that include beech, ash and wenge.

Andante inset

With its superb shoulder room and excellent depth, relaxing in this luxurious bath will afford the bather the most indulgent of soaks.

For inset details see page 31.

Technical information
see page 31

Dimensions
1850 x 950mm

Andante Plus

Portobello fs

A classic double ended roll-top bath, inspired by traditional bathing tubs.

Designed for use with either freestanding taps, retaining the symmetry and simplicity of the original design, or with all the advantages of a very practical ledge upon which to fit taps or rest candles and soaps.

Shown here with handcrafted solid beech feet and handcrafted solid ash feet in wenge finish.

Portobello inset

The generous proportions of this roll top bath will please the most demanding of bathers. For inset details see page 34.

Technical information
see page 34-35

Dimensions
1765 x 780mm

(Left) Portobello with ledge and beech feet

Portobello

Portobello with wenge feet

Portobello fs

The timeless beauty of a claw-foot bathtub never fades. Indeed this traditional look can be combined with any bathroom setting; it suits a classical style perfectly, but can be combined with a contemporary atmosphere for a unique and very modern look.

These highly desirable roll-top tubs come with or without a tap ledge and are available with ball & claw feet in white, black, chrome or gold finish.

The outside of the bath can, if desired, be hand painted to reflect your individual style and personality.

Technical information

550mm

The one-piece L-shaped side and end panel simply clicks into place on the bath, making installation speedy, easy and accurate. The pioneering click system means hassle-free access to plumbing and a beautifully sleek, seamless profile to complement the streamlined look of contemporary bathrooms.

As well as its clever design, the panel scores top marks for rigidity thanks to its sturdy construction. Made from high-strength 5mm acrylic-capped ABS, the panel is built to stand the test of time. Rigorous product development and testing ensures that the panel is an exact colour match to all Adamsez baths, and will not discolour over time.

Mono fits all the rectangular baths in the Adamsez collection, and is designed to fit both right and left configurations. For recess installation it is also available as a luxury front panel.

Useful Bathing

At Adamsez we want you to love your bath. That's why we have put such thought into designing tubs that are cleverly proportioned and skilfully formed to give you excellent shoulder room, which will give those tired muscles room to relax, superb depth to let lots of warm water surround you and maximum length to let you really stretch out.

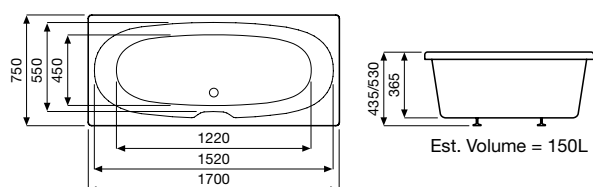

We haven't compromised on design, so you don't have to compromise on comfort.

Whirlpool Systems

8, 12 & 18 jet

Adamsez offer a wide selection of beautiful baths that have been designed for your comfort and relaxation. Adamsez whirlpool baths provide the ultimate bathing solution.

Adamsez 8 Jet Whirlpool

(As shown on Duo bath)

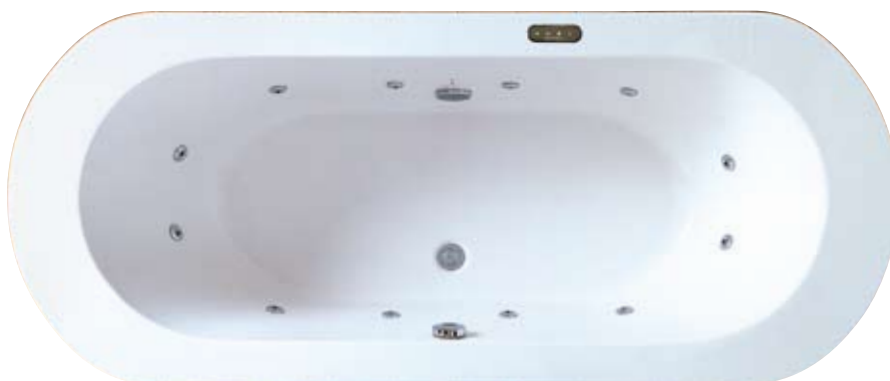

The Adamsez 8 is a versatile system and is an ideal choice for a variety of our popular baths. With four directional jets down either side of the tub, this super system has three individual controls to give great adjustability and performance. The air control is variable as is the water speed allowing you to select the appropriate level of turbulence for your bathing requirements. Enjoying the benefits of a 1HP pump this system is exceptionally quiet and is excellent for daily use.

Adamsez 12 Jet Whirlpool

(As shown on Status bath)

Ease back from the daily routine as you relax in the sense of wellbeing that comes from bathing in this luxury system. Incorporating 12 side-mounted jets that have been strategically positioned to give a highly effective body massage, this system has its own warm air blower to give the water an invigorating and effervescent “champagne” effect. For total peace of mind your Adamsez 12 has also been fitted with hygiene management, which is a superbly integrated self-cleaning system.

Adamsez 18 Jet Whirlpool

(As shown on Coruna bath)

Beautifully deep and with outstanding shoulder room, each of the baths in this collection have 18 jets carefully positioned around the inner contours of the tub to ensure a concentrated and truly invigorating body massage. With pulsar effect, hygiene management, variable levels of hydro massage and with the option of the soothing effect of underwater lights, the pleasure from bathing in an Adamsez 18 Whirlpool bath is indefinable.

Lifetime Guarantee

Adamsez baths, shower enclosures and shower
trays are guaranteed against manufacturing
defects for the lifetime of the first domestic
purchaser. Shower enclosure seals and parts
subject to wear and tear are excluded. The
product will be replaced or refunded at the
manufacturer's discretion. No other loss is
guaranteed. This guarantee applies only to
domestic purchases in the UK and Republic
of Ireland and is non-transferable. Proof of
purchase will be required.

Single panel shower screens
on page 65 are designed for use
with normal low pressure sprays only.
