brassware
sensorflow 21 compact mixer integral sensor

A range of sensor operated brassware with integral sensor. Demand for hygiene and water saving is met by a range of "no touch" electronic taps, second to none.

Automatic shut off if sensor is obstructed for prolonged period.

Mains powered (transformer) with option to link up to 5 link units per main unit and independent battery powered units.

- Commercial use
- Hygienic "no touch" operation
- DDA compliant
- Water saving
- Modern, no moving parts
- Mains (transformed) supply or battery
