Our History

Dating back to our beginnings in 1919, Croydex, then the New Croydon Rubber Company, was well known as a key supplier of household items to the ironmongery and housewares trade, throughout the world and England. Although times have changed, Croydex remains a privately owned company specialising in these markets and has developed its business into a key supplier of bathroom accessories and fittings.

Hygiene 'N' Clean

Hygiene 'N' Clean is an anti-microbial treatment that is incorporated into certain shower curtains at the time of manufacture. This treatment is safe for people, pets and the environment and is effective for the life of the product.

Hygiene 'N' Clean inhibits the development of bacteria, fungi and other organisms which can degrade products and generate unpleasant odours. Hygiene 'N' Clean also protects against E-Coli, Listeria, MRSA and Salmonella, to name but a few!

By inhibiting bacterial growth on products that have high levels of consumer contact, the chance of cross contamination is greatly reduced, whilst hygiene levels are increased.

Just look for the  on products that feature this treatment.

Hygiene 'N' Clean In-Bath Mats & Pillows

66

Hygiene 'N' Clean is an anti-microbial treatment that is incorporated into certain in-bath mats and pillows at the time of manufacture. This treatment is safe for people, pets and the environment and is effective for the life of the product.

Hygiene 'N' Clean inhibits the development of bacteria, fungi and other organisms, which can degrade products and generate unpleasant odours.

Hygiene 'N' Clean also protects against E-Coli, Listeria, MRSA and Salmonella, to name but a few!

By inhibiting bacterial growth on products that have levels of consumer contact the chance of cross contamination is greatly reduced, whilst hygiene levels are increased.

Just look for the  for products that feature this treatment.

Hang 'N' Lock Cabinets

The Hang 'N' Lock cabinet fixing system is so easy and safe to use. The tough but lightweight bracket is fixed to the wall rather than the cabinet itself, which means that you do not have to struggle to measure distances and mark screw holes whilst supporting a heavy bathroom cabinet. See page 174 for more details of how Hang 'N' Lock works.

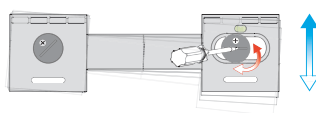

How It Works

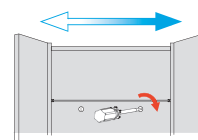

For latest prices and delivery to your door visit MyTub Ltd - 0845 303 838

Use the cabinet template provided to decide the position of the bracket. Mark the screw holes anywhere within the bracket's openings.

Fix the hang 'N' Lock bracket to the wall, and adjust until horizontal using the built-in spirit level.

Hang the cabinet on the bracket and fit the locking studs. If necessary, slide the cabinet left or right then lock in position.

Toilet Seats & Bathroom Scales

Putting the finishing touches to your bathroom is just as important as choosing your suite. Whilst our scales provide style and practicality, our toilet seats not only look smart, but some even include an anti-bacterial treatment which can help make your bathroom a better place.

Toilet Seats & Bathroom Scales

Hygiene 'N' Clean Toilet Seats

Hygiene 'N' Clean is an anti-bacterial treatment that is incorporated in to certain toilet seats at the time of manufacture. This treatment is safe for people, pets and the environment and is effective for the life of the product.

Hygiene 'N' Clean inhibits the development of bacteria, fungi and other organisms, which can degrade products and generate unpleasant odours. Hygiene 'N' Clean also protects against E-Coli, Listeria, MRSA and Salmonella, to name but a few!

By inhibiting bacterial growth on products that have levels of consumer contact the chance of cross contamination is greatly reduced, whilst hygiene levels are increased.

Just look for the  for products that feature this treatment.

SafeFlush

If health is important to you and those around you, then this toilet seat is a real essential. Independent clinical trials have proved that when a toilet is flushed, even when the seat is down, a fine mist containing micro-organisms is spread throughout the bathroom. These can include nasties such as Shingella, E-coli and Salmonella to name just a few.

With it's double seal and Hygiene 'N' Clean anti-bacterial treatment, the SafeFlush toilet seat is a zero tolerance system*. This helps to ensure that germs and bacteria are kept where they belong, making your bathroom a safer place.

Suction-Fix Bathroom Accessories

Everloc

148

Whether you are a novice at DIY, or just looking for a temporary storage solution, this range of bathroom and kitchen* accessories is just what you need. Unlike many suction-fix products that are restricted to use on smooth shiny surfaces, the Everloc vacuum-lock system can be mounted just about anywhere, on textured and grouted tiles, painted surfaces...you name it, Everloc will stick to it!

The secret is in the seal. The Everloc products rely on a specially designed suction pad, which includes a mild spongy adhesive to fill the gaps in uneven surfaces, allowing the suction cup to create a strong, long-lasting vacuum seal. So simple and hassle-free to fit, with absolutely no need for drills or screws. See page 175 for further details of exactly how Everloc works.

***Please see page 158 for details of the Everloc kitchen range.**

Features

- Unique patented suction-lock system
- Super-strong vacuum adheres almost anywhere, including uneven surfaces
- Easy to remove and clean
- Ultra-simple fitting system, no tools required

Hang 'N' Lock

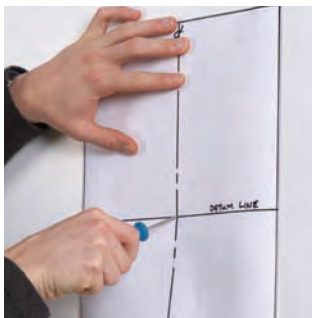

174

USEFUL INFORMATION

The patented Hang 'N' Lock system makes cabinet fixing easy and safe. Instead of attempting precision measurement or struggling to mark screw holes while supporting a heavy cabinet, you use the paper template supplied to decide and mark the cabinet position. The Hang 'N' Lock bracket is then fixed to the wall and adjusted for level using the built in rotation cams and spirit level. Hang 'N' Lock also allows you to adjust the height of the cabinet as well as the level. The cabinet is then positioned on the bracket and can be centred by sliding it to the left or right. Finally, the locking studs are inserted and your cabinet is secure – exactly where you want it and completely level. Simple and safe.

For latest prices and delivery to your door visit MyTub Ltd - 0845 303 838

1. Use the template to position your cabinet and mark through to the wall

2. Align the centre of the Hang 'N' Lock bracket with the centre mark on the wall

3. Using the built in spirit level mark the screw holes on the wall anywhere in the aperture

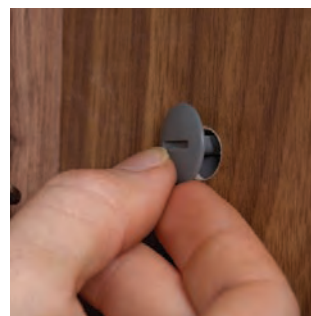

4. Fix the Hang 'N' Lock to the wall leaving the screws slightly loose

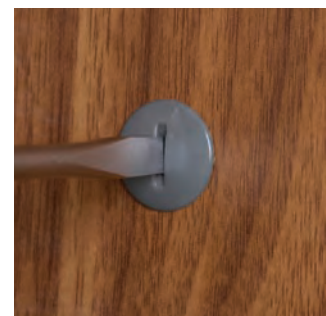

5. Adjust the level by turning your cabinet and then tighten the screws

6. Hang your cabinet

7. Fit the locking studs

8. If required slide your cabinet left or right then lock into position

The Hang 'N' Lock system is featured on a selection of cabinets and mirrors in the Croydex range.

Everloc

Everloc is a real revolution in the realms of suction-fix products. Not only is it suitable for use on standard smooth shiny surfaces, as with other suction-fix products, but in addition it can be applied to rough, uneven surfaces, without the need to drill or glue the item in place.

The secret is in the seal. The Everloc products rely on a specially designed suction pad, which includes a mild spongy adhesive to fill the gaps in uneven surfaces, allowing the suction cup to create a strong, long-lasting vacuum seal. So easy and hassle-free to fit, just apply the product to the desired surface and tighten the locking bracket – it's as simple as that.

For latest prices and delivery to your door visit MyTub Ltd - 0845 303 838

1. Unwind the locking bracket and apply to the surface

2. Push the suction pad against the surface and tighten the locking bracket

3. Hook on your product and it's ready to use – it's as easy as that!

5. To remove the item simply un-screw the locking bracket and lift off the device by carefully breaking the seal around the edge of the suction pad.

6. Rinse the suction pad in cool water for a few seconds, to re-activate the adhesive and your Everloc product is ready to be re-applied.

7. Everloc has absolutely no need for drills, screws or glue!

We recommend that you remove and re-apply the product from time to time or if the product is knocked or slippage occurs.

CROYDEX LIMITED CONDITIONS OF SALE

These Conditions of Sale are applicable to the United Kingdom

These Conditions of Sale ("Conditions") govern all sales of goods (including any sales of spares) by Croydex Limited, a company registered in England and Wales and whose registered office is situated at Central Way, Andover, Hampshire SP10 5AW ("Croydex"), to you, the Buyer named on the Order. These Conditions shall govern the sale to the exclusion of all other terms or conditions and no conduct by Croydex shall constitute acceptance of any other terms or conditions. No variation of these conditions will bind unless it is made in writing and signed by a director of Croydex.

1 Basis of Sale

- 1.1 Croydex shall sell and the Buyer shall purchase the Goods as described in and in accordance with any Order signed by the Buyer, which is accepted by Croydex subject to these Conditions. For the purposes of these Conditions an "Order" shall be a written instruction to supply the Goods, which shall incorporate these Conditions and a "Contract" shall mean the Order and Croydex's acceptance of the Order.
- 1.2 Any estimates issued to the Buyer by Croydex may be withdrawn or varied at any time and unless otherwise specified shall be automatically withdrawn after 60 days. No binding contract shall in any event arise until the Buyer's signed Order has been accepted by Croydex and confirmed in writing by Croydex's authorised representative.
- 1.3 For the avoidance of doubt, if there is any conflict between any special terms and conditions agreed between Croydex and the Buyer in relation to the Contract and the terms and conditions set out in these Conditions, the special terms shall prevail.
- 1.4 Croydex's employees or agents are not authorised to make any representations concerning the Goods unless confirmed by Croydex in writing.
- 1.5 Any advice or recommendation given by Croydex or its employees or agents to the Buyer or its employees or agents as to the storage, application or use of the Goods which is not confirmed in writing by Croydex is followed or acted upon entirely at the Buyer's own risk, and accordingly, Croydex shall not be liable for any such advice or recommendation which is not so confirmed.
- 1.6 Any illustrations or descriptive material and other information contained in Croydex's brochures, advertising materials or elsewhere shall not form part of the Contract and shall be treated as approximate and for guidance only unless specifically stated otherwise. Croydex may at its discretion from time to time vary the design of the Goods from that advertised without notice to the Buyer provided that any such variations do not constitute material alterations to the Goods.
- 1.7 If a sample of the Goods has been supplied, exhibited or inspected by the Buyer, the Buyer acknowledges and agrees that such sample was exhibited and inspected solely to enable the Buyer to assess the general quality of the Goods and nothing in these Conditions shall be deemed to confirm that the Goods will correspond to any such sample. Where dimensions of rubber or plastic Goods are set out in any of Croydex's brochures, advertising materials or elsewhere, the Buyer acknowledges and agrees that where such Goods are extruded or moulded, such dimensions may not be exactly reproduced due to the production processes.

2 Orders and Specifications

- 2.1 The Buyer shall be responsible to Croydex for ensuring the accuracy of the terms of any Order (including any applicable specification) submitted by the Buyer and for giving Croydex any necessary information relating to the Goods within a sufficient time to enable Croydex to perform the Contract in accordance with its terms.
- 2.2 The quantity, quality and description of, and/or any specification for, the Goods shall be those set out in the estimate or Order signed by the Buyer and accepted by Croydex.
- 2.3 No Order which has been accepted by Croydex may be cancelled or varied by the Buyer except with the agreement in writing of Croydex and on terms that the Buyer shall indemnify Croydex in full against all loss (including loss of profit) costs (including the costs of all labour and materials used) damage, charges and expenses incurred by Croydex as a result of cancellation.

3 Price of the Goods

- 3.1 The price of the Goods shall be Croydex's quoted price or, where no price has been quoted, the price listed in Croydex's price list current at the date of acceptance of the Order.
- 3.2 Croydex reserves the right by giving notice to the Buyer at any time before delivery, to increase the price of the Goods to reflect any change in delivery dates, quantities or specifications for Goods which is requested by the Buyer, to reflect any uplift in the price of raw materials or such other similar reason or any delay caused by instructions of the Buyer or failure of the Buyer to give Croydex accurate information or instructions.

- 3.3 Unless otherwise agreed in writing between the Buyer and Croydex all prices are given by Croydex on an ex works basis and where Croydex agrees to deliver the Goods otherwise than at Croydex's premises, the Buyer shall be liable to pay Croydex's charges for transport, packaging and insurance.
- 3.4 The price is exclusive of any applicable Value Added Tax or any other tax, duty tariff or charge arising in the United Kingdom or elsewhere.
- 3.5 Where delivery is to take place outside of the United Kingdom the price is exclusive of any import duties, local taxes or other local charges which may be in force from time to time.

4 Payment Terms

- 4.1 Subject to any special terms in writing between the Buyer and Croydex, Croydex shall be entitled to invoice the Buyer with the price of the Goods (or part thereof) on or at any time after delivery of the Goods, unless the Goods are to be collected by the Buyer or the Buyer wrongfully fails to take delivery of the Goods, in which event Croydex shall be entitled to invoice the Buyer for the price at any time after Croydex has notified the Buyer that the Goods are ready for collection or (as the case may be) Croydex has tendered delivery of the Goods.
- 4.2 Subject to any special terms in writing between the Buyer and Croydex the Buyer shall pay the price of the Goods not later than 30 days after the date of the invoice relating to the Goods. The time of payment shall be of the essence of the Contract. All payments shall be made in full without deduction in respect of any set-off or counterclaim.
- 4.3 If the Buyer fails to make any payment on the due date then without prejudice to any other right or remedy available to Croydex, Croydex shall be entitled to:
 - (a) cancel the Contract or suspend any further deliveries to the Buyer;
 - (b) appropriate any payment made by the Buyer to such of the Goods (or the goods supplied under any other contract between the Buyer and Croydex) as Croydex may think fit (notwithstanding any purported appropriation by the Buyer); and
 - (c) charge the Buyer interest (both before and after any judgment) on the amount unpaid, at the rate of 5 per cent per annum over the base rate for the time being of HSBC Bank plc (such interest being deemed to accrue from day to day and being compounded on the last day of each calendar month) until payment is made. For the avoidance of doubt Croydex reserves the right to claim interest under the Late Payment of Commercial Debts (Interest) Act 1998.
- 4.4 The Buyer shall be solely responsible for any associated bank charges incurred by the Buyer in relation to the purchase of the Goods which for the avoidance of doubt shall include (without limitation) payments made on the basis of a letter of credit or any other similar charges.

5 Delivery

- 5.1 Delivery of the Goods shall be made by the Buyer collecting the Goods at Croydex's premises at any time after Croydex has notified the Buyer that the Goods are ready for collection or, if some other place for delivery is agreed by Croydex, by Croydex delivering the Goods to that place.
- 5.2 Croydex shall endeavour to deliver the Goods by the date(s) agreed but such date(s) is/are not guaranteed nor shall the time(s) for delivery be of the essence unless previously agreed by Croydex in writing. The date(s) quoted shall be extended by a reasonable period if there is any delay caused by industrial dispute or by any cause beyond the reasonable control of Croydex. Croydex shall under no circumstances be liable to compensate the Buyer in respect of late delivery.
- 5.3 Where the Goods are to be delivered in instalments, each delivery shall constitute a separate contract and failure by Croydex to deliver any one or more of the instalments in accordance with these Conditions or any claim by the Buyer in respect of any one or more instalments shall not entitle the Buyer to treat the Contract as a whole as repudiated.
- 5.4 If the Buyer fails to take delivery of the Goods or fails to give Croydex adequate delivery instructions at the time stated for delivery (otherwise than by reason of any cause beyond the Buyer's reasonable control or due to the fault of Croydex) then without prejudice to any other right or remedy available to Croydex, Croydex may:
 - (a) store the Goods until actual delivery and charge the Buyer for the reasonable costs (including insurance) of storage; or
 - (b) sell the Goods at the best price readily obtainable and (after deducting all reasonable storage and selling expenses) account to the Buyer for the excess over the price under the Contract or charge the Buyer for any shortfall below the price under the Contract.
