## **PLUMBA GRIP Multipurpose Gap Filling Adhesive**

Geocel® Plumba Grip is a multipurpose gap filling adhesive which has instant grab and cures to form a high strength bond. It has been specifically designed for replacing, or repairing, a multitude of materials whilst plumbing, sanitary or kitchen fitting installation work is being carried out. It is therefore ideal for fixing plasterboard or timber panels, skirting boards, carpet grippers, many plastics, wood and ceramic tiles.

### **Main Uses**

For filling and fixing plasterboard, wood, plastics and ceramic tiles.

### **Benefits:**

- Instant grab
- High strength bond
- Can be used in a multitude of applications

**Pack Size 310ml 'e' Cartridge**
