## New Improved Stainless Steel Features

All Rangemaster inset stainless steel sinks are manufactured with a new Micro-Sheen™ finish featuring a hard wearing etched Rangemaster logo, and are framed within a subtle ground-edge trim to stand proud in your kitchen. This exquisite finish is complemented by the practicality of automatically applied sealant and pre-fitted clips for ease when installing.

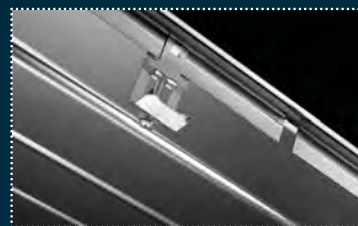

### Micro-Sheen™ Finish

All stainless steel sinks have an enhanced soft brushed finish to the bowl & drainer.

### Subtle Ground Edge Finish

Each stainless steel inset fitted sink is finished with a subtle ground edge trim to beautifully frame your sink.

### Fitted Clips & Seals

Rangemaster stainless steel inset sinks have fitted clips and seals reducing installation time and ensure a perfect, water tight contact with the work surface.

## Guarantees

As the largest sink manufacturer in the UK and a renowned name within kitchen appliances, Rangemaster is confident that all its products are high quality and built to last, however we recognise the importance for all our customers to have that extra peace of mind, offering parts and labour guarantees on all our sink and tap products.

STAINLESS STEEL SINKS ARE  
GUARANTEED FOR 25 YEARS

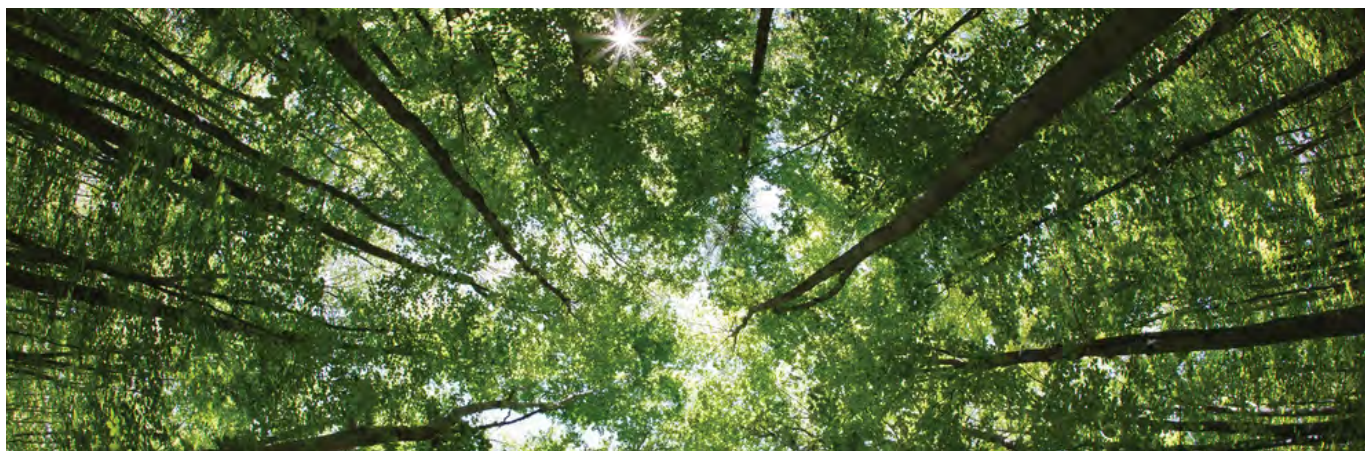

FIRE-CLAY CERAMIC SINKS ARE  
GUARANTEED FOR 10 YEARS

GRANITE SINKS ARE  
GUARANTEED FOR 20 YEARS

TAPS AND MYSPA ARE  
GUARANTEED FOR 5 YEARS

## Our Commitment to the Environment

It is testament to our reliability, consistency and commitment to the environment that Rangemaster is the proud recipient of double ISO accreditation. BS EN ISO 9001 certifies that Rangemaster products are designed and manufactured to an internationally recognised quality management system, while BS EN ISO 14001 acknowledges our commitment to continually improving environmental performance by adopting an approved environmental management system. Even this brochure has been printed on FSC approved paper to minimise the impact on our environment.

## Stainless Steel Sinks

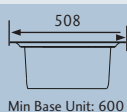

Designed to blend effortlessly into the heart of the modern family kitchen, a closer inspection of a Rangemaster stainless steel sink also reveals a real eye for design. Stain resistant, hard wearing and easy to clean, of course. Yet also with a stylish, seam-free appearance and inner strength, resulting from advanced manufacturing techniques.

# Manhattan

Available as single, 1.5 &amp; double bowl

The Manhattan combines fantastic good looks with universal appeal. Designed to perfectly complement any kitchen scheme, this stainless steel sink is slightly larger than our other inset sinks. It is immensely practical and hard-working, with a recessed drainer preventing water spillage and low profile edges providing a flush, hygienic appearance.

# Keyhole

Available as single &amp; 1.5 bowl

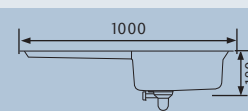

Modern, innovative and beautifully understated, the Keyhole is a truly unique concept in sink design – an example of form and function in perfect harmony. Its large, round bowl is ideal for rinsing large pans and woks, while a deep, recessed drainer provides useful additional space for food preparation. The recess also ensures no water spillage when you're draining larger items.

## Atlantic Undermounts

For a more discreet presence, Rangemaster offers a vast range of undermount bowls, comprising an eclectic mix of single, 1.5 and double bowl variants. Available in three radii options the range covers curvaceous bowls and distinguished geometric effect corners to complement the tone of your kitchen.

# Atlantic Kube 10mm corner radius

With a dramatic 10mm radii defining the corners to this bowl type, the Kube undermount creates a geometric effect which will sit perfectly within streamlined cabinetry. Featuring a modern square waste and overflow, this range is available in a mix of single, 1.5 and double bowl configurations.

GRANITE SINKS ARE  
GUARANTEED FOR 20 YEARS

## Granite Sinks

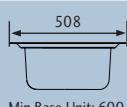

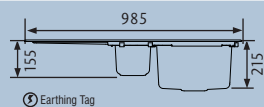

A Rangemaster sink will always be borne of a designer's expertise. Our granite range also has its roots in material innovation. Technically advanced polymers, such as Neostone and Metallix, are not only durable, scratch and impact-resistant, but are also easily wiped clean and heat resistant to 230°C, coping effortlessly with searing pans, hot liquids and practically all household chemicals.

# MySpa

Easy to install using push-fit connectors, MySpa consists of a simple 'on-off' diverter switch which can be located in place of your sink's tap-hole stopper or in the worksurface. When the diverter is turned to 'on', the mains water will be redirected through a specialist filter cartridge located neatly under the sink, which removes all additives such as chlorine to create refreshing, clear water direct from your tap. Turn it back to 'off' and the water will return to the unfiltered mains supply for washing dishes etc.

see page 27

## Sink Accessories

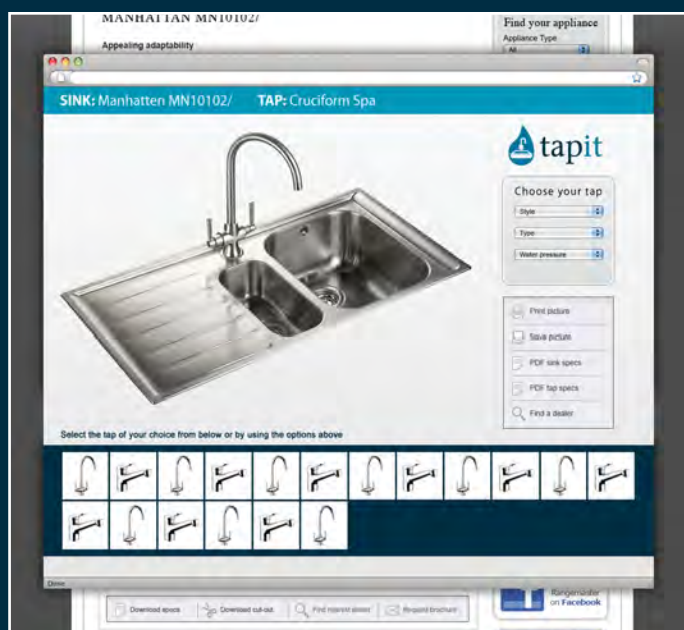

To further your level of personal choice, we have developed an extensive collection of accessories to complement your sink and surround. From draining baskets to food preparation boards, accessories can be bought online or from your local Rangemaster sink stockist.

[www.rangemastersinks.co.uk](http://www.rangemastersinks.co.uk)

Tap-it is a new online tool from Rangemaster that enables you to choose different combinations of sinks and taps and visualise exactly how they would look when placed together. Tap-it allows you to 'mix and match' products from the Rangemaster sink and tap collection at the click of a button, until you find the perfect match for your kitchen.

# Rustique

 Available as single, 1.5 bowl or undermounts

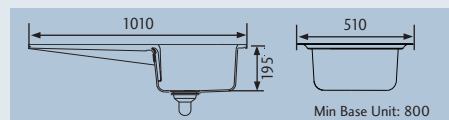

Rustique catches the morning light – and the eye. These ceramic sinks are destined to become a firm favourite among those wanting complete freedom of choice over the configuration of their sink. Offering a modern or farmhouse feel, these sinks are beautifully easy to clean and fully cater for the needs of the enthusiastic chef.

## RUSTIQUE CRS10101/

**Specification:**

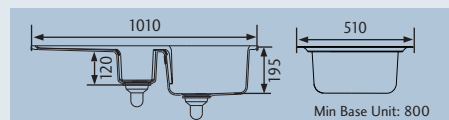

- Overall Size: 1010 x 510
- Main Bowl Size: 465 x 415
- Handed
- Finish: Fire-Clay Ceramic
- Waste Kit: WKIT15/\*

## RUSTIQUE CRS10102/

**Specification:**

- Overall Size: 1010 x 510
- Main Bowl Size: 370 x 415
- Second Bowl Size: 130 x 260
- Handed
- Finish: Fire-Clay Ceramic
- Waste Kit: WKIT08/\*

## RUSTIQUE SINGLE BOWLS

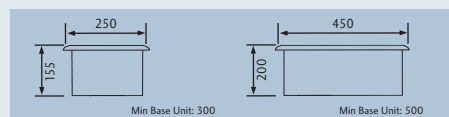

## CRUB4825/ CRUB4684/

**Specification:**

- Overall Size: 475 x 250
- Main Bowl Size: 435 x 210
- Waste Kit: WKIT15/\*

- Overall Size: 475 x 450
- Main Bowl Size: 435 x 410
- Waste Kit: WKIT15/\*

Can be fitted as inset or undermount sinks

**Accessories Available** (to buy your accessories visit [www.rangemastersinks.co.uk](http://www.rangemastersinks.co.uk)):

KA12 Draining Basket  
- Stainless steel

**Tap Shown Above:**

TRE1CM/ -  
Chrome Finish

\*Waste kits are available in either brass or chrome effect and must be ordered separately.

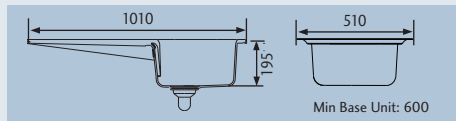

PORTLAND CPL10101 WH/

**Specification:**

- Overall Size: 1010 x 510
- Main Bowl Size: 460 x 405
- Reversible
- Finish: Fire-Clay Ceramic
- Waste Kit: WKIT15/\*

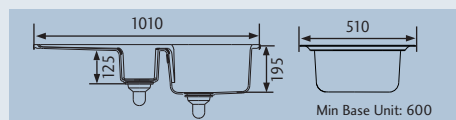

PORTLAND CPL10102 WH/

**Specification:**

- Overall Size: 1010 x 510
- Main Bowl Size: 350 x 410
- Second Bowl Size: 135 x 257
- Reversible
- Finish: Fire-Clay Ceramic
- Waste Kit: WKIT04/\*

# Portland

Available as single & 1.5 bowl

Designed to sit elegantly within a variety of kitchen schemes, the charming Portland fire-clay ceramic sink bears a smooth, high gloss finish, being both easy to clean and extremely durable. A choice of single bowl or 1.5 bowl variants offers flexibility to suit your everyday use.

**Accessories Available** (to buy your accessories visit [www.rangemastersinks.co.uk](http://www.rangemastersinks.co.uk)):

KA12 Draining Basket  
- Stainless steel

## CLASSIC BELFAST CCBL595WH/

**Specification:**

- Overall Size: 595 x 455
- Bowl Size: 535 x 395
- Reversible
- Finish: Fire-Clay Ceramic
- Waste Kit: WKIT15/\*

# Classic Belfast

There's very little that captures the true essence of a traditional British kitchen quite like a Belfast sink. Sometimes referred to as the butler sink, the large solid design typifies the very heart of the home. Finished in a high lustre white gloss, complete with a traditionally styled weir waste overflow.

**Accessories Available** (to buy your accessories visit [www.rangemastersinks.co.uk](http://www.rangemastersinks.co.uk)):

KA12 Draining Basket  
- Stainless steel

**Tap Recommended:**

TBL3CM/ -  
Chrome Finish

# Double Bowl Belfast

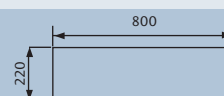

Embrace the classic good looks of a Belfast-style sink. Made from high-grade fire-clay ceramic with ultra smooth surfaces throughout, the Double Bowl Belfast boasts extra large deep bowls - perfect for washing trays and pans that won't fit in the dishwasher.

## DOUBLE BOWL BELFAST CDB800WH/

**Specification:**

- Overall Size: 800 x 490
- Main Bowl Size: 360 x 455
- Second Bowl Size: 360 x 455
- Finish: Fire-Clay Ceramic
- Waste Kit: WKIT03/\*

Min Base Unit: 800

**Accessories Available** (to buy your accessories visit [www.rangemastersinks.co.uk](http://www.rangemastersinks.co.uk)):

KA12 Draining Basket  
- Stainless steel

**Tap Recommended:**

TAC2CM/ -  
Chrome Finish

TAPS AND MYSPA ARE  
GUARANTEED FOR 5 YEARS

## Taps, Myspa & Waste Disposal Units

Rangemaster taps are the result of precision engineering and elegant styling. Each tap is designed to function impeccably and co-ordinate perfectly with Rangemaster's sink collection. Add a touch of aesthetic appeal to your kitchen by choosing from a wide selection of traditional and contemporary styles and a choice of finishes.

Easy to install using push-fit connectors, MySpa consists of a simple 'on-off' diverter switch which can be located in place of your sink's tap-hole stopper or in the worksurface. When the diverter is turned to 'on', the mains water will be redirected through a specialist filter cartridge located neatly under the sink, which removes all additives such as chlorine to create refreshing, clear water direct from your tap. Turn it back to 'off' and the water will return to the unfiltered mains supply for washing dishes etc.

RANGEMASTER  
**myspa**  
TMYSACM/ Chrome

## Spa Filter Taps & Myspa

- Inexpensive to buy and maintain.
- Filter cartridges are easy to replace.
- Offers tasty, eco-friendly and inexpensive drinking water quite literally 'on-tap'.

Reducing the impurities found in regular tap water, Rangemaster's filter tap co-ordinates with a water filter under the sink for pure tasting water. Simply pull the coldlever forward for mains water and back for filtered water.

## Waste Disposal Units

Rangemaster's range of waste disposers are clean, hygienic and easy to use. All units have a lifetime corrosion guarantee and contain Bio Shield, where disposers are treated with an antimicrobial agent moulded into the casing providing protection against odour causing bacterial growth. Available in four different sizes each model is easy and fast to install and can be fitted with only a standard mains connection.

### High Efficiency Permanent Magnet Motor

A permanent magnetic (PM) motor has a high speed (2600 r.p.m) and torque is attained eliminating most potential jams. Combine this with the design of the grinding chamber and faster grinding times are attained, using less electricity and water.

**Lightweight Compact Design**  
PM motors are more compact and lighter (even though more powerful) than units that use induction motors, allowing more space under the kitchen sink.

### Handles all types of waste

Most food stuffs can be placed into the disposer. Rangemaster waste disposers can take the following and more: tea bags, small bones, fish heads, fish bones, egg

shells, corn cobs, fruit pips, vegetable scraps, grapefruit halves, melon rinds and nut shells to name but a few.

### Removable splashguards

Easily removable splashguard keeps ground food inside the unit. Being removable means cleaning is easy, reducing odours.

### Plumb-easy mounting system

The plumb-easy mounting system means no special tools are required, making it extremely easy to install.

### High quality components

Corrosion can cause leaks and jams, all our models have stainless steel grinding chambers (turntable, swivel impellers and grind ring). For further peace of mind we offer a lifetime guarantee against corrosion.

Registered Office: Juno Drive, Leamington Spa, Warwickshire, CV31 3RG

Rangemaster continuously seeks improvements in specification, design and production of products and thus, alterations take place periodically. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specification, nor does it constitute an offer for the sale of any particular product.
