# CONTACT

## Simplicity and practicality; crisp to its core.

Furniture so streamlined it doesn't even have handles. Instead, Contact's drawers and doors open (and close) as if by magic with a gentle prod. Contact combines capacious 'hide everything' interiors, with high-end design and practicality.

Create the look £1725.45

<b>Total price</b>	<b>£1270.08</b>

**Deep drawers**  
With its large practical double drawers, Contact's washstation provides ample storage.

**3&4. Push-to-open technology**  
The drawers and doors on all Contact units feature discreet push-to-open technology; just a simple push action allows you to open and close the units.

##### 5. Clarity mirrors

Packed full of handy features, our Clarity range of illuminated mirrors look stunning paired with Contact furniture.  
See page 258.

##### 6. Wall column

The wall mounted column offers substantial additional space for those larger bathroom accessories and towels.

##### 7. Stream tap range

Stream provides a strong design statement which works well with the Contact range.  
See page 178.

Basin can only be used with a single lever basin mixer as the positioning of the tap hole will not accommodate 'swan neck' taps. Basin not compatible with pop-up wastes.

## CONTACT FEATURES

### Washstations

The washstation comes in a choice of 3 finishes; walnut, high gloss white and high gloss black. It is available as a wall mounted unit in widths of 700 or 900mm. A 700mm floorstanding version is also offered.

### Ceramic basin

A high fronted rectangular ceramic slab basin with lozenge shaped wash area additionally features a large working area beside the single tap hole.

### Push-to-open technology

The drawers and doors on all Contact units feature discreet push-to-open technology; just a simple push action allows you to open and close the units.

### Storage

The wall mounted column offers substantial additional space for those larger bathroom accessories and towels.

### Bath panels

Matching high gloss white and walnut bath panels are available. Please see the Signatures range on page 291 for details.

# KARMA

## True craftsmanship and the best of technology.

Quiet, resilient and soft to the touch, this beautiful walnut furniture warms up a cool bathroom.

The elegantly tapering legs, smartly framed doors and contemporary curved basin give Karma more than a touch of boutique hotel styling. Karma's tall solid wood tapered legs and full 5 piece solid walnut door construction are features synonymous with traditional carpentry.

Washstand options in 600mm and 900mm widths make this furniture ideal for every bathroom.

## KARMA FEATURES

**Washstand**

Karma's perfectly proportioned 900mm and 600mm washstands feature an internal wooden shelf. The chunky chrome bar handles echo the curved shape of the ceramic basins.

**Craftsmanship**

Both the washstands and floor cupboard have tall solid walnut tapered legs and full 5 piece solid wood shaker inspired door construction – features synonymous with traditional carpentry.

**Storage**

In addition to the washstand, a 300mm floor cupboard, also incorporating two internal wooden shelves, provides useful secondary storage space.

**2. Wessex tap range**  
Our classically inspired range of Wessex taps works beautifully with Karma furniture. See page 182.

**3. 600mm ceramic basin**  
The 600mm Karma basin provides a generous washing area as well space to lay your toiletries.

**4. 900mm ceramic basin**  
Karma's 900mm basin is a contemporary ceramic slab piece, with a protruding lozenge shaped wash area, straight sides and a large working surface – combining great looks with practicality.

**3. Floor cupboard**  
The floor cupboard's door can be hung for left or right hand opening.

**5. Soft-close doors**  
A quieter life is guaranteed as this range benefits from the added luxury of our soft-close doors to give a controlled and quiet closure.

**6. Mirror**  
The 600mm and 900mm mirrors in walnut complement your Karma furniture perfectly.

# AURORA

Darkly desirable. Aurora is more than just a washstand, it's a classic piece of furniture combining chic craftsmanship with sleek practicality.

Aurora's solid walnut construction radiates timeless glamour and incorporates beautifully tapering legs and a self-close drawer.

Warm, natural tones provide the perfect contrast to functional white sanitaryware and gleaming chrome. Complete the look with a co-ordinating mirror. A choice of two contemporary basins is available.

## ENVY FEATURES

### Washstations

When it comes to washstations, Envy has it covered. Choose from wall mounted 600mm or 700mm wide units, a 1200mm 'his and hers' version, or alternatively a 700mm floorstanding option.

### Basins

The Envy range incorporates two distinct basin types. For the 600mm and 700mm wall mounted washstation and floorstanding washstand there is our smart contemporary ceramic basin, whilst the 1200mm double washstation is teamed with a Gelcast basin in the same style. Gelcast is a tough, resilient gel-coated resin which is warm to the touch, extremely durable and easy to clean.

### Back to wall WC base unit

620mm back to wall units are available in finishes to match your Envy storage.

### Storage

In addition to washstations, the Envy range includes a 300mm tall storage unit, a 400mm wall column and a 300mm floor cupboard, all of which feature internal glass shelves and soft-close doors which can be mounted for left or right hand opening.

### FREE Minerva WC Seat worth £55.07

Why not choose one of our back to wall WC units which complement your basin unit perfectly. Furthermore, you can get a free Minerva WC seat when you purchase any Roper Rhodes back to wall WC unit, Torrent cistern and Minerva WC pan. See page 110 for details.

### Advanced closing features

Envy benefits from the added luxury of soft-close doors and self-close drawers, which also incorporate a handy drawer adjustment feature, a useful little enhancement which enables you to perfectly align your Envy drawers.

### Bath panels

Matching high gloss white and walnut bath panels are available. Please see the Signatures range on page 291 for details.

# KATO

With its uncompromising authority,  
Kato adds distinction to any bathroom.

Sublimely simple, the chamfered detailing on this solid framed furniture provides a different design slant on floorstanding and wall mounted washstands. A huge variety of size and finish options make this range ideal for many bathrooms.

The finishes are clean, smart and of course very practical. Placed side by side for dual use they would make a bold statement and give your bathroom the hotel-chic feel. Sleek styling and fabulously functional, that's Kato.

## KATO FEATURES

### Wall mounted washstation

The perfect proportions of the wall mounted Kato washstation are further enhanced with chamfer detailing on the drawer, solid slab sides and a distinctive angled return. The washstation is available in two popular finishes – high gloss white and walnut.

### Floorstanding washstand

As a floorstanding unit, the Kato washstand creates a unified style with chamfer detailing on the drawer and foot plinth. In order to allow it to blend into any area, it is available in four finishes – anthracite, high gloss white, walnut and light oak. With smooth chrome handle styling, the finished effect blends classic cabinetry with a contemporary twist. Choose from 600mm, 700mm and 900mm versions.

### Back to wall WC base unit

620mm back to wall units are available in finishes to match your Kato storage.

### FREE Minerva WC Seat worth £55.07

Why not choose one of our back to wall WC units which complement your basin unit perfectly. Furthermore, you can get a free Minerva WC seat when you purchase any Roper Rhodes back to wall WC unit, Torrent cistern and Minerva WC pan. See page 110 for details.

### Bath panels

Matching high gloss white and walnut bath panels are available. Please see the Signatures range on page 291 for details.

<b>Walnut finish Signatures 600mm wall cabinet</b> (see page 247)	<b>£157.62</b>
<b>Total price</b>	<b>£1096.26</b>

### 2. Storage unit

What better way to complete the picture than with the Kato storage unit. An adaptable form comprising of two internal glass shelves. The soft-close doors can be mounted for left or right opening.

### 3. Advanced closing features

Kato benefits from the added luxury of self-close drawers, including the drawer adjustment feature, a useful little enhancement which enables you to perfectly align the drawer.

### 4. Self-close deep drawer

Thoughtful features such as the deep self-closing drawer offer a clutter free bathroom.

## LUXE FEATURES

**Wall mounted washstation**

Finished in a high gloss white, Luxe allows you a choice of two wall mounted styles. The first unit features two curved doors with chrome strip detailing beneath the basin. The doors are fitted with soft-close dampers for a smooth closing action. Your second wall mounted option is a high gloss white drawer unit. Super-strong self-close deep drawers provide plentiful storage for all your bathroom products.

**Floorstanding washstand and storage**

The floorstanding washstand not only looks beautiful in its high gloss white finish, but it also has hidden depths. Within its smooth contours is room to store those day-to-day bathroom products, for a clear and tidy space, as well as soft-close dampers for a smooth door closing action.

**Bath panels**

Matching high gloss white and walnut bath panels are available. Please see the Signatures range on page 291 for details.

<b>Total price</b>	<b>£1678.39</b>

**2. Open wide!**

The Luxe units with double doors offer mountains of accessible storage space for all your lotions and potions.

**3. Wall mounted washstation – drawer detail**

Deep self-closing drawer for a clutter free bathroom.

**4. Contemporary D-shaped ceramic basin**

All good ideas start somewhere and the basin was the genesis of the Luxe range. The elegant radius and softly curved edges easily meet the standards we desire for the modern bathroom.

**5. Storage unit**

The soft rounded edges of the Luxe range are still apparent, as this theme carries through to the tall wall mounted storage unit. Four glass shelves allow you to discreetly store all of your day-to-day items. The unit can be mounted for left or right hand opening, as well as having the option to site the unit in a corner or on a straight wall.

**6. Advanced closing features**

Luxe benefits from the added luxury of self-close drawers, including the drawer adjustment feature, a useful little enhancement which enables you to perfectly align the drawer.

Create the look £1146.98

# ZARA

## Gentle curves and sharp lines – bathroom architecture at its purest.

Managing at the same time to convey strength and elegance, Zara epitomises Roper Rhodes fine attention to detail.

This bold design marries subtle curves with fine edges and contemporary ceramics, all set off by a faultless white gloss finish.

<b>1. Zara washstand and ceramic basin</b>	<b>£806.01</b>
<b>Bora basin mixer tap</b> (see page 191)	<b>£175.45</b>
<b>Avening mirror</b> (see page 269)	<b>£105.19</b>
<b>Avening gallery shelf</b> (see page 218)	<b>£60.33</b>
<b>Total price</b>	<b>£1146.98</b>

- 2. Washstand – drawer detail**  
Deep self-closing drawers for a clutter free bathroom.

**3. Advanced closing features**

Zara benefits from the added luxury of self-close drawers, including the drawer adjustment feature, a useful little enhancement which enables you to perfectly align the drawer.

**4. Ceramic basin**

A smart and contemporary basin that complements the design of the washstand, while enhancing the overall sense of style and functionality.

**5. Floorstanding washstand**

The Zara washstand is available in a high quality gloss white finish and features a sweeping, curved fascia and two large drawers. This detail is also picked up in the bespoke curved chrome handle which matches elegantly.

**Bath panels**

Matching high gloss white and walnut bath panels are available. Please see the Signatures range on page 291 for details.

## SECTOR

Keeps a low profile to help make  
the most of your bathroom space.

Elegance meets practicality in Sector. The geometric wall hung units allow you to free up more of your available space. With self-close drawers, quality workmanship and modern European styling; this is a truly inspirational union.

1. White gloss finish Sector 700mm washstation and ceramic basin	£567.23
Stream basin mixer tap (see page 179)	£130.97
Radiance backlit mirror (see page 261)	£328.20
<b>Total price</b>	<b>£1026.40</b>

2. Walnut finish Sector 900mm washstation and ceramic basin	£653.63
Insight basin mixer tap (see page 177)	£115.56
Walnut finish Signatures 600mm cabinet (see page 247)	£157.62
<b>Total price</b>	<b>£926.81</b>

## 3. Drawer

A quieter life is guaranteed as this range benefits from the added luxury of our self-close drawers to give a controlled and quiet closure.

## 1&amp;2. Wall mounted washstation

This wall mounted washstation comes in a choice of 2 widths – 700mm or 900mm, and 2 finishes; walnut and white gloss. Its 'wafer slim' looks make it ideal for contemporary bathrooms. The drawer itself has a soft-close runner.

## Back to wall WC base unit

620mm back to wall units are available in finishes to match your Sector storage.

## Bath panels

Matching high gloss white and walnut bath panels are available. Please see the Signatures range on page 291 for details.

**FREE Minerva WC Seat worth £55.07**

Why not choose one of our back to wall WC units which complement your basin unit perfectly. Furthermore, you can get a free Minerva WC seat when you purchase any Roper Rhodes back to wall WC unit, Torrent cistern and Minerva WC pan. See page 110 for details.

# VALENCIA

Subtle curves in all the right places and a stunning high gloss white finish give Valencia an elegant, timeless appeal.

Versatility? It's Valencia's middle name. Use each element on its own or create a sleek, fitted installation to cleverly hide unsightly pipes. Either way, for a soft, uncluttered look that's easy on the eye, Valencia is well worth a visit.

1. Valencia 700mm base unit and Eden ceramic basin	£478.89

white

# VALENCIA FEATURES

### Vanity bases

Beautifully styled units available in a wide range of sizes, providing practical storage solutions for any bathroom. The Valencia range features doors made from sturdy MDF with a tough, durable water resistant finish. In addition to the standard format, the 700mm, 800mm and 1000mm base units have been designed with two deep self-close drawers as an alternative to doors.

### Bathroom storage and companion pieces

Beautifully co-ordinated Valencia floorstanding units and cupboards provide additional storage. Tall cupboards are designed to add impact, whilst the short base units can be used as stand alone items or can be used to create a fitted run (please refer to the Linx System on page 86).

### Mirrors and lighting canopies

Mirrors are available for the 500mm units and there are mirrors and canopy combinations available for the 620mm, 700mm, 800mm and 1000mm units. There are two styles to choose from, the full height mirrors which sit on the back of the basin or the shorter mirrors incorporating a useful shelf. The mirror and lighting canopies feature external high gloss finished shelves, fascias and cupboard doors where applicable.

The lighting canopies can only be used with mirrors in the Valencia range. The demister pad will effectively heat the mirror to a few degrees above room temperature within 2-3 minutes preventing the mirror from misting in even the steamiest of bathrooms. Heated mirror pads are switched on automatically with the canopy lights and no additional wiring is required. The demisting effect will spread approximately 10-20% further than the pad itself and is very economical to run. Please note the 500mm and 620mm mirrors and plain mirrors do not include heated demister pads.

<b>1. Valencia 700mm base unit and Eden ceramic basin</b>	<b>£589.14</b>
<b>Reef basin mixer tap</b> (see page 193)	<b>£175.45</b>
<b>Valencia 700mm mirror, shelf and canopy</b>	<b>£314.59</b>
<b>Valencia 620mm back to wall WC base unit</b>	<b>£232.38</b>
<b>Minerva back to wall WC pan and seat</b> (see page 117)	<b>£159.09</b>
<b>624mm laminate worktop</b>	<b>£32.77</b>
<b>Total price</b>	<b>£1503.42</b>

### 2&3. Advanced closing features

A quieter life is guaranteed as this range benefits from

the added luxury of our soft-close doors and self-close large deep drawers to give a controlled and quiet closure. In addition to this, there is a useful enhancement feature, which enables you to perfectly align the drawer.

### 4. Heated demister pads

All mirrors in the Valencia range apart from the 500mm and 620mm and plain mirror sizes include a heated demister pad.

### 5. Valencia ceramic integral basin

### 6. Eden ceramic integral basin

Both basins include an integral overflow and single tap hole.

### 3. Shaver and toothbrush power sockets

All Valencia lighting canopies are fitted with a power socket for electric shavers and toothbrushes.

This is concealed in units with cupboards. As an additional feature of Valencia canopies, the shaver socket can be operated independently to the lights and heated mirror pad. This allows use of the power socket without the canopy lights switched on – a red LED indicates power on/off.

### 4. Infrared sensor

A safe and easy to use infrared on/off switch enables the user to activate the lighting and heated mirror pad without the need to touch the mirror. Simply move your hand in front of the sensor to activate.

### 5. Minerva back to wall WC pan and seat

A contemporary back to wall WC pan and seat are available. See page 117 for details.

## The Linx System

Fitted furniture maintains its popularity within the bathroom, as it hides unsightly exposed pipework and gives the bathroom a spacious and uncluttered appearance. We have designed Valencia so that it can be used as stand alone or fitted together using the Linx System. The Linx System allows our popular 620mm semi-countertop base unit and 700mm, 800mm and 1000mm vanity base units, with their practical slab top style basins, to be incorporated into runs of furniture alongside floorstanding storage units and our back to wall WC units. A variety of worktops, continuous plinths and infill panels complete the look. For further information on the Linx System please see page 86.

## Worktop options

Skillfully constructed laminate worktops are available in two finishes: white and black granite, to complement or contrast with your choice of Valencia furniture. There are a number of worktop sizes available to suit your installation. Please note, if you decide to use a standard vanity base unit you must select the 19mm slimline worktops. Should you opt for the semi-countertop base unit, you must use the 28mm worktop.

## FREE Minerva WC Seat worth £55.07

Why not choose one of our back to wall WC units which complement your basin unit perfectly. Furthermore, you can get a free Minerva WC seat when you purchase any Roper Rhodes back to wall WC unit, Torrent cistern and Minerva WC pan. See page 110 for details.

### Infill panels, plinths and cistern access hatch

The infill panel, 300mm (w) x 820mm (h), provides the flexibility to design the layout you desire. For a fitted look using the Linx System various plinth lengths are available. See pages 86–87. Plinths and infill panels can be cut down to size to suit the plan you have chosen for your bathroom. A matching cistern access hatch is available in all finishes for use with back to wall WC furniture.

### Space saving and cloakroom options

With space at a premium in many bathrooms, Valencia space saving units offer useful storage and maximise space in even the smallest of rooms. Shown is only a small selection of combinations – please see from page 92 for the full Valencia range.

## NEW ENGLAND FEATURES

### Vanity bases

Beautifully styled units embody simplicity and purity whilst remaining highly functional. The choice of sizes available provides storage solutions suitable for any bathroom. The New England range is available in a choice of finishes: oak, beech and high gloss white. In addition to the standard format, the 700mm, 800mm and 1000mm base units have been designed with two large deep self-close drawers as an alternative option for practical storage in the bathroom.

### Bathroom storage and companion pieces

Stylish yet practical storage space is always at a premium in the bathroom. Beautifully co-ordinated New England floorstanding units and wall units can provide that much appreciated storage. The tall units are designed to add impact to your bathroom, as well as maximising storage. The short base units can be used as stand alone items or can be used to create a fitted run using the Linx System. For further information on the Linx System, please see page 86.

### Mirrors and lighting canopies

Mirrors are available for the 500mm units and there are mirrors and canopy combinations available for the 620mm, 700mm, 800mm and 1000mm units. There are two styles to choose from, the full height mirrors which sit on the back of the basin or the shorter mirrors incorporating a useful shelf. The mirror and lighting canopies feature external colour match shelves, fascias and cupboard doors where applicable.

The lighting canopies can only be used with mirrors in the New England range. The demister pad will effectively heat the mirror to a few degrees above room temperature within 2-3 minutes preventing the mirror from misting in even the steamiest of bathrooms. Heated mirror pads are switched on automatically with the canopy lights and no additional wiring is required. The demisting effect will spread approximately 10-20% further than the pad itself and is very economical to run. Please note the 500mm and 620mm mirrors do not include heated demister pads.

## 2. CFL doors

The New England doors in natural oak and beech finishes are made with revolutionary, FIRA award winning innovative CFL finishing (Continuous Foil Laminate), specifically developed for use in bathroom conditions. It allows the doors to be fully wrapped on 6 sides providing a seamless appearance and excellent resistance to moisture penetration.

## 3. Infrared sensor

A safe and easy to use infrared on/off switch enables the user to activate the lighting and heated mirror pad without the need to touch the mirror. Simply move your hand in front of the sensor to activate.

## 4. Bath panels

For a fully integrated look, why not choose a co-ordinating bath panel. Front panels for 1700mm long baths and end panels for both 700mm and 750mm wide baths are available in high gloss white, natural oak and beech finishes. Supplied with adjustable plinth to enable easy installation, especially on baths that are already fitted.

### The Linx System

Fitted furniture maintains its popularity within the bathroom, as it hides unsightly exposed pipework and gives the bathroom a spacious and uncluttered appearance. We have cleverly designed our products so they can be used as stand alone or fitted together using the Linx System. The Linx System allows our popular 620mm semi-countertop base unit and 700mm, 800mm and 1000mm vanity base units, with their practical slab top style basins, to be incorporated into runs of furniture alongside floorstanding storage units and our back to wall WC units. A variety of worktops, continuous plinths and infill panels complete the look. For further information on the Linx System, please see page 86.

### Infill panels, plinths and cistern access hatch

The infill panel, 300mm (w) x 820mm (h), provides the flexibility to design the layout you desire. For a fitted look using the Linx System, various plinth lengths are available. Plinths and infill panels can be cut down to size to suit the plan you have chosen for your bathroom. A matching cistern access hatch is available in all finishes for use with back to wall WC furniture.

300mm tall cupboard  
shown in natural oak finish

300mm tall cupboard  
shown in natural oak finish

### Worktop options

Skillfully constructed laminate worktops are available in four finishes: white, natural oak, beech and black granite, to complement or contrast with your choice of New England furniture. There are number of worktop sizes available to suit your installation. Please note, if you decide to use a standard vanity base unit you must select the 19mm slimline worktops. Should you opt for the semi-countertop base unit, you must use the 28mm worktop.

### FREE Minerva WC Seat worth £55.07

Why not choose one of our back to wall WC units which complement your basin unit perfectly. Furthermore, you can get a free Minerva WC seat when you purchase any Roper Rhodes back to wall WC unit, Torrent cistern and Minerva WC pan. See page 110 for details.

### Space saving and cloakroom options

With space at a premium in many bathrooms, New England space saving units offer useful storage and maximise space in even the smallest of rooms. Shown is only a small selection of combinations – please see page 85 for the full New England range.

<b>1. Beech finish 620mm semi-countertop unit</b>	<b>£287.50</b>
<b>Beech finish 1546mm laminate worktop</b>	<b>£97.60</b>
<b>Storm basin mixer tap</b> (see page 185)	<b>£96.26</b>

<b>Beech finish 624mm laminate worktop</b>	<b>£35.75</b>
<b>Total price</b>	<b>£934.14</b>

### 3. Heated demister pads

All mirrors in the New England range apart from the 500mm and 620mm sizes include a heated demister pad.

### 4. Shaver and toothbrush power sockets

All New England lighting canopies are fitted with a power socket for electric shavers and toothbrushes. This is concealed in units with cupboards. As an additional feature of New England canopies, the shaver socket can be operated independently to the lights and heated mirror pad. This allows use of the power socket without the canopy lights switched on – a red LED indicates power on/off.

### 5. Drawers

The high quality smaller drawer units have a smooth, easy operation with metal sides and roller runners. The drawers can be removed for cleaning and an internal stop prevents accidental removal.

oak

# ELLA FEATURES

## Vanity bases

Beautifully styled units in a choice of sizes provide storage solutions suitable for any bathroom. The Ella range is available in a choice of finishes: walnut, oak and high gloss white.

## Bathroom storage and companion pieces

Beautifully co-ordinated Ella floorstanding units and wall units can provide that much appreciated storage. The tall units are designed to add impact to your bathroom, as well as maximising storage. The short base units can be used as stand alone items or can be used to create a fitted run using the Linx System. See pages 86-87.

## Mirrors and lighting canopies

Mirrors are available for the 500mm units and there are mirrors and canopy combinations available for the 700mm, 800mm and 1000mm units. The mirror and lighting canopies feature external high gloss finished shelves, fascias and cupboard doors where applicable.

The demister pad will effectively heat the mirror to a few degrees above room temperature within 2-3 minutes preventing the mirror from misting in even the steamiest of bathrooms. Heated mirror pads are switched on automatically with the canopy lights and no additional wiring is required. The demisting effect will spread approximately 10-20% further than the pad itself and is very economical to run. Please note the 500mm mirrors and all Signatures plain mirrors do not include heated demister pads.

1. Oak finish Ella 1000mm base unit and Eden ceramic basin	£764.15
Reef basin mixer tap (see page 193)	£175.45
Oak finish Ella 1000mm mirror with shelves, canopy and cupboard	£463.31
Oak finish Ella 620mm back to wall WC base unit	£282.96
Minerva back to wall WC pan and seat (see page 117)	£159.09
Oak finish 1224mm laminate worktop	£68.52
Oak finish Ella 300mm floor cupboard	£198.07
Oak finish 1000mm plinth	£31.51
<b>Total price</b>	<b>£2143.06</b>

2. Walnut finish Ella 500mm back to wall WC base unit	£256.08
Minerva back to wall WC pan and seat (see page 117)	£159.09
Walnut finish 506mm laminate worktop	£32.77
<b>Total price</b>	<b>£447.94</b>

## 3. Advanced closing features

Ella benefits from the added luxury of our soft-close doors and self-close large deep drawers to give a controlled and quiet closure. In addition to this, there is a useful enhancement feature, which enables you to perfectly align the drawer.

## 4. Eden ceramic integral basin

## 5. New England ceramic integral basin

Both basins include an integral overflow and single tap hole.

### The Linx System

Fitted furniture maintains its popularity within the bathroom, as it hides unsightly exposed pipework and gives the bathroom a spacious and uncluttered appearance. Designed to be used as stand alone or fitted together using the Linx System. The Linx System allows our popular 700mm, 800mm and 1000mm vanity base units, with their practical slab top style basins, to be incorporated into runs of furniture alongside floorstanding storage units and our back to wall WC units. A variety of worktops, continuous plinths and infill panels complete the look. For further information on the Linx System, please see page 86.

### Infill panels, plinths and cistern access hatch

The infill panel, 300mm (w) x 820mm (h), provides the flexibility to design the layout you desire. For a fitted look using the Linx System, various plinth lengths are available. Plinths and infill panels can be cut down to size to suit the plan you have chosen for your bathroom. A matching cistern access hatch is available in all finishes for use with back to wall WC furniture.

### Worktop options

Skillfully constructed laminate worktops are available in four finishes: white, oak, walnut and black granite, to complement or contrast with your choice of Ella furniture. Large variety of worktop sizes available.

### FREE Minerva WC Seat worth £55.07

Why not choose one of our back to wall WC units which complement your basin unit perfectly. Furthermore, you can get a free Minerva WC seat when you purchase any Roper Rhodes back to wall WC unit, Torrent cistern and Minerva WC pan. See page 110 for details.

### Space saving and cloakroom options

If space is at a premium Ella space saving units offer useful storage and maximise space in even the smallest of rooms. Please see from page 110 for the extensive Ella range.

### Cabinets

Our range of Signatures mirrored cabinets are perfect for those seeking additional storage. See page 226 for details.

### Door handles and knobs

We offer a wide selection of door handles and door knobs in either chrome or satin chrome finishes. Simply specify the style and number of handles/knobs you require when ordering (remember to allow for drawer and door knobs). Please see page 102 for details.

<b>1. Walnut finish Ella</b>	
800mm base unit and Eden ceramic basin	£634.79
Wessex basin mixer tap (see page 183)	£179.55
Walnut finish Ella 800mm mirror with shelves, cupboard and canopy	£425.47
Walnut finish Ella 300mm floor cupboard	£198.07
Walnut finish Ella 300mm tall cupboard	£375.87
<b>Total price</b>	<b>£1813.75</b>

### 2. Bath panels

For a fully integrated look choose a co-ordinating bath panel which includes height adjustable plinths. Please see page 288 for full details.

### 3. Shaver and toothbrush power sockets

Lighting canopies are fitted with a concealed power socket for electric shavers and toothbrushes.

The shaver socket can be operated independently to the lights and heated mirror pad – a red LED indicates power on/off.

### 4. Infrared sensor

Safe and easy to use, simply move your hand in front of the sensor to activate lighting and heated mirror pad.

### 5. Drawers

Smaller drawer units have a smooth, easy operation with metal sides and roller runners. Easily removed for cleaning and an internal stop preventing accidental removal.

# SMALLER BATHROOMS & CLOAKROOMS

Just because you've a small space doesn't mean you can't make a big impact. Our range of furniture designed for smaller bathrooms combines stylish design with cunning space saving ideas.

## Floorstanding furniture and cabinets

Our collection includes floorstanding base units designed to maximise your use of otherwise wasted corners. There's also slimline furniture that will fit into the tiniest space without cramping your style.

## Wall mounted furniture and basin solutions

Hanging furniture off the walls is a smart trick to create an illusion of space through uninterrupted floor areas. Our extensive collection works well with tiled floors for a contemporary and easy to clean environment.

<b>Oak finish 506mm laminate worktop</b>	<b>£34.62</b>
<b>Total price</b>	<b>£921.18</b>

For the complete New England range, see pages 52-59.

# THE LINX SYSTEM

For use with Valencia, New England, Ella, Silhouette and Mirage.

## WHAT IS THE LINX SYSTEM?

For a sleek and fitted look the Linx System allows our 620mm, 700mm, 800mm and 1000mm vanity units to be used in conjunction with floorstanding storage units and our 620mm back to wall WC unit in a continuous run of furniture. A variety of worktop finishes, continuous plinths and infill panels complete the look.

## STANDARD BASE UNITS USING THE LINX SYSTEM

Fitted furniture maintains its popularity within the bathroom hiding unsightly exposed pipework and giving the bathroom a spacious and uncluttered appearance. We have cleverly designed our products so they can be used as stand alone or fitted together using the Linx System.

The Linx System allows our popular 700mm, 800mm and 1000mm base units to be incorporated into runs of furniture alongside floorstanding storage units and our back to wall WC units.

The 19mm thick laminate worktops are supplied with pre-finished edges in a variety of lengths, please see individual range for details. The continuous plinths come in several lengths for dimensions refer

to the product guide of your selection. When installing a fitted run of furniture which includes a back to wall WC base unit, two plinths may be required but the joint can be concealed behind the pan.

All furniture units are supplied with a plinth.

Please see the diagram for an explanation of how to assess the required plinth length. Many other configurations are possible, including corner installations by utilising the separately available infill panels.

When planning your installation, pipework runs are an essential consideration.

## SEMI-COUNTERTOP BASE UNIT USING THE LINX SYSTEM

The semi-countertop base unit is used in exactly the same way as the standard base units, alongside the various floorstanding storage items. Infill panels, worktop options and continuous plinths complete the look.

The 28mm thick laminate worktops are supplied with pre-finished edges in a variety of lengths, please see individual range for details. The continuous plinths come in several lengths for dimensions refer to the product guide of your selection. When installing a fitted run of furniture which includes a back to wall WC base unit, two plinths

may be required but the joint can be concealed behind the pan. All furniture units are supplied with a plinth. Please see the diagram for an explanation of how to assess the required plinth length. Many other configurations are possible, including corner installations by utilising the separately available infill panels.

When planning your installation, pipework runs are an essential consideration.

## Things to consider

- One of the essential requirements for a fully fitted look are continuous worktops and plinths. A variety of sizes of each are available; it is important that the correct sizes are selected for each installation.
- Plinths can be cut down when used in a run with a back to wall WC unit by concealing the joint behind the WC pan.
- Worktops are provided on the 300mm floor units, however, this is a painted finish rather than laminated and is more suited to stand alone configurations. If used in a run of furniture you may prefer to order a 624mm worktop and cut to size. Additional edge strips are provided with all worktops to allow edges to be neatly trimmed. When planning your installation, pipework runs are an essential consideration.

Illustrated are a few typical furniture configurations. Many other configurations are possible including corner installations by utilising the separately available infill panels.

Please note:

- 1224mm worktop required - cut down to 924mm
- 2 plinths required with joint concealed behind pan
- 620mm plinth supplied with back to wall units for all models

Please note:

Worktop supplied with 300mm floor unit

Please note:

- Worktop supplied with 300mm floor units
- 624mm worktop required
- 2 plinths required with joint concealed behind pan
- 620mm plinth supplied with back to wall units for all models

Please note:

- 624mm worktop required
- 2 plinths required with joint concealed behind pan
- 620mm plinth supplied with back to wall units for all models

## CONTACT PRODUCT GUIDE

### 700mm wall mounted washstation

### ELECTRICAL SPECIFICATION

**Lighting canopies** – All canopies include shaver/electric toothbrush socket. Lighting canopies can only be fitted to Valencia mirrors.

**Electrical specification** – Valencia lighting canopies with shaver sockets and heated mirror pads have been designed and independently tested for compliance to British Electrical Equipment (Safety) Regulations 1994. Standards applicable are: BS EN60598-2-6:1995, BS EN60742:1996, BS EN61558-2-5:1998 and BS EN60335-2-30:1997.

Lighting canopies are Class II double insulated - no earth connection required. Canopies are supplied with 500mm cable and should be connected to a fused 3 amp supply. Electrical connections should be made according to national wiring regulations. Installation by a competent electrician is advised. Canopies are suitable for use in bathrooms - but should not be used in a sauna or shower cubicle. Canopies should not be located where they will be directly splashed by shower spray, or such that they can be operated by someone whilst in the bath. Valencia lights use low voltage halogen (12 volt, 20 watt) type G4.

**Shaver socket** – Suitable for shavers and rechargeable toothbrushes. Maximum power output 20VA. The shaver socket is switched independently to the lights. It is recommended that the shaver socket is switched off when not in use.

**Heated mirror pads** – Operated automatically when the canopy lights are switched on using the IR sensor. No additional electrical connections are required.

Lighting canopies can only be fitted to New England mirrors.</div> <div>Electrical specification: New England lighting canopies with shaver sockets and heated mirror pads have been designed and independently tested for compliance to British Electrical Equipment (Safety) Regulations 1994. Standards applicable are: <b>BS EN60598-2-6:1995, BS EN60742:1996, BS EN61558-2-5:1998 and BS EN60335-2-30:1997</b>. Lighting canopies are Class II double insulated - no earth connection required. Canopies are supplied with 500mm cable and should be connected to a fused 3 amp supply. Electrical connections should be made according to national wiring regulations. Installation by a competent electrician is advised. Canopies are suitable for use in bathrooms - but should not be used in a sauna or shower cubicle. Canopies should not be located where they will be directly splashed by shower spray, or such that they can be operated by someone whilst in the bath. New England lights use low voltage halogen (12 volt, 20 watt) type G4.</div> <div>Shaver socket: Suitable for shavers and rechargeable toothbrushes. Maximum power output 20VA. The shaver socket is switched independently to the lights. It is recommended that the shaver socket is switched off when not in use.</div> <div>Heated mirror pads: Operated automatically when the canopy lights are switched on using the IR sensor. No additional electrical connections are required.</div>

### SIGNATURES TECHNICAL SPECIFICATION

#### Light kits and canopies

All light kits and lighting canopies are class II double insulated - no earth connection required. Electrical connections should be made according to national wiring regulations. Installation by a competent electrician is advised. Light kits and canopies are suitable for bathroom use, but should not be located in a sauna or shower cubicle, or such that they can be operated by someone whilst in the bath. Lights should be installed outside zones 1 & 2 of the bathroom in accordance with the latest IEE regulations. All light kits and lighting canopies have been designed and independently tested for compliance to British Electrical Safety Standards.

**Canopies** – BS EN60598-2-6: 1995, BS EN60742: 1996, BS EN61558-2-5: 1998

**Signatures light kit** – BS EN60598-1: 2000, AMD: 1&2, BS EN60598-2-1: 1989, EN61046: 1994 & A1: 96

**Eden light kit** – BS EN60598-1: 2000, AMD: 2001, BS EN60598-2-1: 1989

**Shaver socket** – All canopies include shaver/electric toothbrush socket, which are suitable for shavers and rechargeable toothbrushes only. Maximum power output is 20VA. The shaver socket is switched independently to the lights. It is recommended that the shaver socket be switched off when not in use.

**Lamps** – Canopies - low voltage halogen (12V, 20W) type G4, Signatures light kit - low voltage halogen (12V, 10W) , type G4 Eden light kit - fluorescent slimline T2 (8W)
